

WON'T DENY WILSON RUMORS

British Beauty Drives Big Motor Truck During Strike

LADY DROGHEDA

BELGIAN QUEEN ENJOYS HIKE INTO HILLS

SANTA BARBARA, Cal., Oct. 13.—Queen Elizabeth went mountaineering today among the Santa Barbara foothills.

Accompanied by Countess De Caraman-Chimay, who gamely endeavored to keep the strenuous pace set her by the Queen, they hiked and motored to the top of several hills.

The Queen admitted today to a local woman that she is "having a wonderful time." The Prince revealed the fact he does not smoke, when he refused a cigarette. The King got his first ice cream soda Sunday. Following a strenuous motor trip into the surrounding country he arrived in Santa Barbara late in the afternoon and with Count Guy Doulhemont took a walk up the main street. As the day was warm, the King stepped into a drug store and asked for something cooling. The drug clerk fixed up a chocolate ice cream soda and the King finished it.

The King left here this morning at 11 o'clock for San Francisco, arriving there at 10:30 Tuesday morning. Tuesday night, while in San Francisco, eight telephones will be hooked up on the train and the King and Queen and others will talk to friends in New York.

Owing to inability to visit Luther Burbank at his home, a telegram has been sent Burbank asking him to come to San Francisco to meet the King. The telegram was sent at the Queen's request.

Queen Elizabeth proved yesterday that she is glad to gain information from even the most humble. While strolling through a garden she became interested in some of the plants and quickly called on the gardener for information. Time being short and her desire to learn of California gardens being great, the Queen asked the gardener into her automobile and she questioned him closely while they rode.

The official program for the next several days, still subject to change, has been announced. The party, after visiting San Francisco, will go to the Yosemite, October 15, for two days stay. The party will leave October 16 and will arrive in Los Angeles at 9:30 a. m. October 17, leaving for the Grand Canyon at 12:30 p. m.

TAKES DEAD BABY TO HOSPITAL FOR CARE

LOS ANGELES, Oct. 13.—Refusing to believe his baby girl was dead, Z. A. Heller carried his four-year-old daughter, Reia, into the emergency hospital last night and insisted she be given surgical care. Physicians found her neck had been broken—the result of an automobile wreck near Calabasas. She had been dead for more than an hour.

DON'T TRY FLIGHT TO MINEOLA, WIRES AIR RACE LEADER'S WIFE

MAYNARD IS PLANNING TO START TUESDAY

Flying Pastor Recipient of Many Congratulations For Success

RODEHEAVER INVITES STOP AT DAVENPORT

Airman Hopes to Begin His Return Quickly to Keep Present Lead

SAN FRANCISCO, Oct. 13.—Lieut. Belvin W. Maynard, the "sky pilot," first to complete the first heat of the transcontinental air derby, was urged today by Mrs. Maynard to abandon the race—not to attempt to fly back to Mineola.

Maynard, however, will start for Mineola tomorrow afternoon if his present plans are carried out.

His wife's telegram was sent from Mineola, where she and their two children saw the Baptist preacher hop off for San Francisco.

The message reads:

"The children and I are very happy to know you landed safely in San Francisco. We are proud of you. I hope so much you will not try to fly back. Letter following. Much love."

BULLETINS

WASHINGTON, Oct. 13.—A tariff of from two to four cents per pound on beans to keep out Japanese competition was asked by the California Bean Growers today before the House ways and means committee. This tariff is necessary to compete with the Japanese product, it was asserted, by the bean growers attorney.

SAN FRANCISCO, Oct. 13.—George Fox who confessed he couldn't help vamping the women because they liked him so well was rearrested here today. Fox recently was convicted of embezzling \$80,000 from Mrs. A. Walter, an Anaheim widow. He obtained an appeal and jumped a bond of \$20,000. Powell street lured him back, however, and detectives arrested him this morning as he stepped from a ferry boat. Fox is aged 50.

WASHINGTON, Oct. 13.—The supreme court today advanced for argument on Dec. 8 the case of the Standard Brewery of Baltimore under which it is expected that the court will define what amount of alcohol makes a beverage intoxicating. The final decision will determine the fate of 2.75 per cent beer which the lower court held was non-intoxicating in this case.

KING, LLOYD GEORGE URGE NATIONS LEAGUE

LONDON, Oct. 13.—Messages from King George and Premier Lloyd George urging support of the League of Nations as a means of promoting peace were read today when the League of Nations union opened its fall campaign at the Mansion house. "We fought to gain lasting peace," the king's message said, "and it is our supreme duty to take every measure to secure it."

The message from Lloyd George declared that the allies are pledged "to support a league of noble ideals."

Allies Will Seize German Vessels If They Enter Baltic

BERLIN, Oct. 13.—The Allies have imposed a blockade in the Baltic Sea as a means of enforcing the German evacuation of Courland. A telegram from London said to have been received by the German government, says: "Owing to the attack on Riga, passage permits are provisionally withdrawn for all German ships in the Baltic. All German ships must be recalled and no others are allowed to put to sea. All ships encountered in the Baltic are liable to seizure by the Allies."

DELAY PLANNED BY GERMANS IN BALTIC

PARIS, Oct. 13.—Charges that the German government has delayed deliberately the withdrawal of General von der Goltz's forces from the Baltic region are contained in the most recent note to Berlin from the Allied and associated powers.

The note, made public here today, declared that until Germany undertakes the evacuation and "pursues it with all desirable celerity," the Allies will maintain the coercive measures announced in their note of September 27, when renewal of the blockade was threatened.

The Allies point out that the situation in the Baltic suddenly has become more critical and declare that Germany will be held fully responsible in executing the order for evacuation.

An Allied commission will be appointed to supervise the withdrawal, the Germans are told, and the measures provided for in the ultimatum will not be cancelled until that commission informs the Supreme Council that the evacuation is progressing normally.

The Allies inquire why von der Goltz has not yet been punished if it is true, as the Germans assert, that he is guilty of insubordination.

Believe Powers Defied

"It is difficult not to believe," says the Allied note, "that the delay (in evacuation) has been calculated to lead to the very results which the German government now affect to deplore. It seems indeed impossible otherwise to explain the refusal to recall von der Goltz, who has been their (the Germans) official instrument in creating the present situation in open defiance of the Allied and associated powers."

The Allies note asks why von der Goltz, after being summoned to Berlin only recently, "was sent back deliberately to the scene of his atrocities, except to complete the organization which now affords the German government the pretext that the troops hitherto paid, clothed and transported by them have passed out of their control."

The Allies assert that unless Germany offers a more satisfactory explanation, the Allies cannot accept the contention that Germany has tried continually to withdraw her troops from the Baltic.

"According to recent information," it is stated, "the situation suddenly has become more grave on account of the offensive taken by the Germans October 8. Other troops have violated the Courland and Lettish neutral zone and have bombarded Lettish positions by armored trains, airplanes and poison."

PENNA. R. R. SHOPMEN TO RETURN TO WORK

ALTOONA, Pa., Oct. 13.—After an all-day conference, an agreement was reached last night whereby the striking shopmen of the Pennsylvania railroad will return to work this afternoon pending an adjustment of their grievances.

MAJ. GEN. BARRY RETIRES

NEW YORK, Oct. 13.—Major General Thomas H. Barry, 64, retired from the army today, having reached the age limit. He served 36 years.

ONE DEAD, 13 INJURED WHEN CAR HITS TRUCK

WASHINGTON, Oct. 13.—One man was killed and thirteen injured when a speeding street car collided with an army motor truck in front of Walter Reed hospital here today. The man killed was Edward Souther, a private in the medical department of the hospital who was driving the truck.

SANTA CLARA SQUELCHED

SANTA CLARA, Oct. 13.—The Olympic Club squealed Santa Clara in the gridiron season opener here Sunday, 19 to 3.

EXCHANGES CLOSED TODAY

NEW YORK, Oct. 13.—New York's exchanges were closed today on account of Columbus Day.

LETTS HOLD BACK HUNS IN BALTIC SECTION

Riga Still Controlled By 2000 Troops Despite Heavy Attacks

WILL FIGHT TO DEATH IN SPIKE OF ORDERS

Offer of Armistice and Joint Campaign on Reds Rejected

LONDON, Oct. 13.—Fighting continues in the Baltic region, with the Lettish troops maintaining their defense against the Germans, according to the latest reports received here.

Reports received here from Reval today said that General Yudenitch, in command of Russian northwest troops has captured Yamburg, seventy miles southwest of Petrograd.

A dispatch to the Daily Chronicle from its correspondent in Riga declares that on Saturday two thousand Letts, under Colonel Berkais, were still holding the city against heavy German attacks. Remaining in Riga to cover the evacuation of the government, 6000 troops and a small rear guard decided to stay and fight to their death, instead of simply delaying the Germans as they had been ordered to do.

Colonel Bermond, commanding the Russian forces which co-operated with General von der Goltz's German troops in their attacks on the Letts, has suggested armistice negotiations be held at Mitau in order to avoid further bloodshed. He also proposed the Letts join his forces in a campaign against the bolsheviks. The Letts rejected his offer.

Heavy Bombardment Continues

Heavy bombardment of Riga by the German-Russian forces continued all day Friday and Saturday morning. Airplanes dropped many bombs on the city. The shelling Friday forced a French and a British destroyer to withdraw from the port. Heavy shells wrecked much of the masonry in the region near the railway, which is virtually in ruins. In resisting the enemy's attempts to cross the river the Letts dismantled the railway bridge, obstructed the foot bridge and heavily guarded the ferries. Until Thursday all the prisoners captured were Bavarians.

A dispatch from Stockholm quotes an Estonian communique as saying that the Lettish government has abandoned Riga and is located now at Rodepois. The Lettish troops blew up the bridges, the communique states, when they crossed the Dvina river. Armored trains replied to the German bombardment.

Slayer's Wife To Bare Reasons for Killing of Doctor

LOS ANGELES, Cal., Oct. 13.—Standing resolutely by her husband, Captain Charles Lawrence Stokes, who is accused of murdering Dr. Ernest E. Roberts, former army surgeon, Mrs. Stokes today declared that if Mrs. Roberts doesn't tell what she says is her story of the case, then she herself will.

"She knows some of the underlying motives and facts of the case," Mrs. Stokes declared. "If she does not tell, I will."

Mrs. Roberts Roberts is said to be en route to Iowa.

MAY MAKE ALIENS STUDY ENGLISH IN AMERICA

BY RAYMOND CLAPPER (United Press Staff Correspondent)

WASHINGTON, Oct. 13.—Deportation of immigrants after five years' residence in the United States unless they learn to speak and read English will be considered by the Senate Labor committee, following its investigation of the steel strike, Chairman Kenyon announced on his return today from Pittsburgh.

Sensors on the investigating committee declared today Americanization of foreign-born persons must be undertaken at once if grave industrial trouble is to be averted.

"To neglect this duty means very troublesome times and very serious industrial troubles, as well as rapid growth of socialism," Senator Walsh declared.

He proposed to the labor committee that a bill be drafted providing for deportation of foreigners who have not learned English at the end of five years. Compulsory education and a shorter working day must accompany this, Walsh declared.

Walsh referred to testimony of one witness at Pittsburgh who declared that there are only 500 Americans in one steel town of 22,000.

Shorter working hours are essential if immigrants are to be taught English, Walsh said, citing testimony of many workmen, who said they worked from ten to fourteen hours a day.

"The foreigner must have some off-time each day for instruction," he said.

Chairman Kenyon said the committee may later go to Youngstown and possibly Gary, Ind., if time can be found, although members said today they believed they had ample evidence for the committee's use. Hope of congress settling the steel strike has been abandoned by the committee which is now turning its attention to eliminating the conditions which make for labor unrest.

ACTION DELAYED ON REQUEST FOR DATA

WASHINGTON, Oct. 13.—On the ground that the president is not in physical condition to attend to official duties, the senate foreign relations committee today delayed action indefinitely on two resolutions calling for information as to international matters.

KING WON'T ABDICATE

ROME, Oct. 13.—An official denial of the report that King Emmanuel's abdication is imminent, was issued today.

WINS WOMEN'S SWIM

ALABAMA, Oct. 13.—Frances Cowell easily defeated all competitors in the National A. A. U. 100-yard swim for women here yesterday in 1 minute, 17.25 seconds.

MARCHING ON BUDAPEST

VIENNA, Oct. 13.—The Magyar White army under Admiral North, is reported to be marching on Budapest to attack the Rumanians. North's forces have reached Raab, 67 miles west of Budapest.

PRESIDENT IMPROVING ASSERT 4 DOCTORS

"In a Pinch" Executive Could Sign Measures Declares Medical Man

DETAILED DIAGNOSIS EXPECTED, NOT GIVEN

Senator Moses May Be Asked on Floor Who Told Him of Brain Lesion

WASHINGTON, Oct. 13.—The statement of President Wilson's physicians, issued at 12:00 p. m. today, said:

"The president's condition remains the same as for the past several days. His temperature, with the exception of one day, pulse and respiration, heart action and blood pressure are normal and have been so since the onset of his illness. The kidneys are functioning normally."

The statement was signed by Drs. Grayson, Ruffin and Stitt and was issued after a long consultation. It entered into greater detail than previous statements. Grayson said informally the president continued to improve slowly. He said it had been decided no attempt will be made to deny the many rumors heard in Washington and elsewhere.

Could Sign Measures

"In a pinch the president would be able to sign measures or to act," it was stated but his physicians do not wish to abandon the rest cure and will resist every effort to have Wilson again resume his duties now.

Grayson stated that should any alarming symptoms arise the public would be informed.

It had been expected that a detailed diagnosis of the president's condition would be issued today in answer to reports that he had suffered a brain lesion. Instead it was learned the doctors have determined to continue a policy of ignoring rumors.

The doctors have agreed not to talk individually about the president's case, it was learned, and any questions as to Wilson's condition must be taken up by all of them together.

The idea of making public a detailed diagnosis was suggested when Dr. Grayson was informed that a letter, said to have been written by Senator Moses to a constituent in New Hampshire and containing the statement that Wilson had a brain lesion and could never work again, had been published in a number of newspapers. Grayson remarked that "perhaps the senator has information not available to the president's physicians." Secretary Tumulty refused to talk about it.

May Quiz Moses

It was considered likely that Senator Moses would be asked on the senate floor today to tell where he got his information. Senator Hitchcock, Democratic leader, who has been in close touch with the White House ever since Wilson's return from his speaking trip, said that his information about the president was radically different from the report given out by the New Hampshire senator.

The official reports issued at the White House over Sunday indicated that Wilson's condition is practically unchanged.

Although Grayson made no flat denial of Moses' assertion, he hinted several times that the senator had been misinformed. He said he believed that a detailed diagnosis, if issued, would not bear out Moses' statement.

WOMEN FROM NORTH, SOUTH, EAST, WEST

Recommend Lydia E. Pinkham's Vegetable Compound as a Reliable Remedy for Women's Ills.

Spokane, Wash.—"I want to recommend Lydia E. Pinkham's Vegetable Compound for women's ailments as it helped me so much during middle age."
—Mrs. MARTHA CONNOR, 1027 Mansfield Avenue.

Arlene, Texas.—"For almost a year I was unfit to do my work as I suffered so from female ills. Lydia E. Pinkham's Vegetable Compound restored my health after physicians had failed."—Mrs. E. E. OWENS.

Rockville, Conn.—"I suffered so long from female ills I was blue and melancholy. Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed."—MARY WIRZ, 3 Chamberlain St.

Oakland, Cal.—"Lydia E. Pinkham's Vegetable Compound gave me such relief during change of life. I wish every woman could know about it. I surely praise this great remedy for women's ills."—Mrs. MARY S. ASHLEY, 5709 Dover Street.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

BUTTER AND EGG MEN GATHER AT CLEVELAND

CLEVELAND, O., Oct. 13.—Chief among the aims of the National Poultry, Butter and Egg Association, in convention here today, is the dissipation of charges of profiteering against dealers in dairy stuffs.

W. T. Seibels, Chicago, business manager of the association, characterized as "unjust" the inclusion of butter, egg and cheese dealers among profiteers in foodstuffs.

"Among the endeavors of the association," said Seibels, is the education and guidance of public opinion in all parts of the United States to the point of securing the adoption of legislation calculated to foster trade and safeguard consumers.

Dealers in general, attending the convention, said they would act in concert on a proposal to reduce freight rates and thus help bring about a reduction in prices.

MANY CHURCH BELLS NEEDED AT VENICE

VENICE, Oct. 13.—There is a bell famine in the Venetian provinces. Nearly 8000 church bells, so needful in the regulation of the country and village life, were carried off by the enemy. They weighed in all 3000 tons. Only twenty have been recovered. The Italian government promised to partly replace the missing bells by giving churches bronze cannon taken from the enemy, but so far only a few promised guns have arrived.

All the missing bells were of high artistic value. The new ones can never compete with them.

Nearly a hundred are known to be in a military store in Bologna, but all efforts to cut red tape and get them back to their proper churches have been in vain. Thousands of peasants have to guess when it is time for mass.

WIFE OF AIRMAN FREE METHODIST URGES HIM TO QUIT RACE

Lieut. Maynard Planning to Start Back East Tomorrow

(Continued from Page One)

molished this afternoon when it ran into a sand hill near Oconto, Neb. The accident occurred during a heavy fog. Neither Norris nor his passenger was injured.

BINGHAMPTON, N. Y., Oct. 13.—Lieutenant Haynes, flying plane 107 and carrying Lieutenant McDermott and Private Lake, crashed to the ground when landing here at 2:34 this afternoon. Lake was hurt badly about the head and Haynes cut on the nose. Their injuries are not serious. McDermott was uninjured. The plane was wrecked.

RENO, Oct. 13.—Lieutenant Webster ran into a fence today at Battle Mountain in an attempt to leave the flying field there and is making repairs, according to word received here. Webster landed at 7:30 a. m. Captain Donaldson left Battle Mountain at 9:05.

SACRAMENTO, Oct. 13.—Lieutenant Pearson, flying toward San Francisco, arrived here at 11:54. Captain Drayton, who was held here during the morning on account of fog at San Francisco, left this afternoon at 1:53 for the San Francisco Presidio. Captain Donaldson, flying plane No. 50, arrived at 12:42.

MINEOLA, N. Y., Oct. 13.—Second Lieutenant Queens completed the trip by airplane from San Francisco this afternoon. He reached Roosevelt Field at 1:45.

43 Army Fliers Ready to Continue Journeys Today

NEW YORK, Oct. 13.—Forty-three American army aviators were ready to resume their transcontinental flight today after the enforced rest over Sunday.

War department orders holding fliers who had completed the first leg of the reliability race at their terminals until October 20 were rescinded late yesterday. The new orders permit any flier who has completed the first half of the round trip flight between the two coasts to begin his return journey "not less than 48 hours or more than 96 hours" after he reached a terminus control station.

Lieut. B. W. Maynard, who reached San Francisco at 1:13 p. m. (coast time) Saturday—winning the first leg of the race and accomplishing the first transcontinental flight—may start back tomorrow. The other two who have completed the first leg of the flight—Major Carl Spatz and Lieut. E. C. Kiel—probably will not be allowed to leave Mineola before tomorrow morning. They arrived at Mineola after sundown Saturday evening and the rules bar any flier from leaving a control station after dark.

All other fliers were expected to resume their journey today, the weather and condition of their planes permitting. Captain L. H. Smith, who arrived in Rochester late Saturday after breaking a propeller near Cleveland, was due at Mineola this morning.

Of the westbound fliers expected to reach San Francisco today, three spent Sunday at Selduro, Utah. They were Lieut. L. S. Webster, Captain J. O. Donaldson and Lieut. Alex Pearson, Jr. Some distance ahead of them was Captain H. C. Drayton, who spent Sunday at Lovelock, Nev., which is not a control station. Maynard's official flying time between Mineola and San Francisco, a distance of 2791 miles, was announced as 24 hours, 59 minutes, 48 1/2 seconds. Spatz' unofficial time between San Francisco and Mineola was given as 26 hours, 13 minutes, 44 seconds. Kiel's unofficial time was 26 hours, 14 minutes, 15 seconds.

Five Westbound Aviators Are Due In San Francisco

SAN FRANCISCO, Oct. 13.—Five westbound aviators participating in the transcontinental derby are expected here today.

Captain H. C. Drayton, piloting plane No. 47, will be the second to complete the cross-nation trip when he arrives at the Presidio sometime before noon. Captain Drayton is at Lovelock, Nevada, a distance of approximately 275 miles from the Presidio.

Captain Donaldson, No. 50; Lieut. Webster, No. 15; Lieut. A. Pearson, No. 8, are at Selduro, Utah, a distance of 518 miles from the finish, and Lieut. Manzelman, No. 39, is at Salt Lake City.

CLEVELAND, Ohio, Oct. 13.—Eleven airplanes in the transcontinental air derby got away from Martin Field here this morning, nine going west and two bound east. Numbers 52 and 60 were bound east; Nos. 19, 29, 17, 28, 41, 18, 102, 7 and 106 headed east.

CHICAGO, Oct. 13.—Major J. C. Bartholomew, No. 51, eastbound, was the first flier in the transcontinental air race to leave Grant Park Field today. He hopped off at 7:31.

BINGHAMPTON, N. Y., Oct. 13.—Captain L. M. Smith, eastbound, left Binghamton this morning after repairing a leaky radiator.

Smith's Time Across U. S. Faster Than Maynard Mark

NEW YORK, Oct. 13.—Captain L. H. Smith, the fourth aviator to complete a transcontinental flight in the present race, reached Roosevelt Field,

FREE METHODIST CONFERENCE SUCCESS

Eleven Ministers Attend From All Points In Southern Calif. District

The first meeting of the District Quarterly Conference was held in the Free Methodist church beginning October 9 and lasting over Sunday. There were three services a day conducted by the various ministers. The District Elder, J. E. Cochran, presided. There was a large attendance from all over the Los Angeles District. There were eleven ministers as well as many friends in attendance. There were 100 entertained.

Among those present were Rev. and Mrs. B. C. Johnson of Hermosillo, Los Angeles county; Rev. and Mrs. W. W. Vinson and daughter, Miss Mable; Rev. and Mrs. G. A. French of Whittier; Rev. and Mrs. H. C. Freeman of Watts; Rev. and Mrs. A. Stokesberry of Sherman; Rev. and Mrs. C. Newell of San Diego; Rev. and Mrs. P. S. Barnes of Escondido; Rev. and Mrs. F. C. Abbott of Santa Monica; Rev. and Mrs. D. G. Shepherd of Orange; Rev. and Mrs. F. A. Ames of Garden Grove; Rev. and Mrs. W. Renie of Sawtelle; Rev. J. E. Cochran, District Elder, of Los Angeles.

Also present were Rev. J. H. McCabe of Pasadena and Rev. D. C. Lamson and family of Ontario, from the Pasadena District.

M. C. Roll, pastor, today said: "We wish to thank our friends for the assistance they gave us in the entertainment of the people. We had a good meeting and large attendance."

WILSON IMPROVING ASSERT 4 DOCTORS

(Continued from page one)

He also said he hoped the president soon would be able to "answer such rumors himself."

The bid was down more closely than usual on unofficial reports from the sick room last night and early today. It was understood that Wilson went through the same routine as usual, listening to the phonograph and hearing poems read by Mrs. Wilson.

May Not Know of Bills
It is doubtful if he has been told that a number of important bills are awaiting his signature, including the war-time prohibition enforcement measure and the amendments to the food control act, giving the government power to prosecute profiteers.

Grayson has intimated he will not bring state business to Wilson's attention unless it is absolutely necessary. Even without the president's signature the bills become laws after ten days.

Discussion of rumors that Wilson will be ill so long it will be necessary to have his work delegated to some one else, probably the vice-president, at least temporarily, was one of the principal topics of conversation around the government buildings today. Many believed that if the president's case were as serious as that, his physicians would take the initiative in informing the country of it, instead of letting things run along until the question is opened up in congress.

CHILDREN RECOVERING FROM DOSE OF POISON

CHICAGO, Oct. 13.—Edna and Shirley Lukari today had apparently won in their battle with death.

Both girls were growing stronger and, according to Dr. Thomas A. Carter, were throwing off the effects of bichloride of mercury poisoning at the hands of their insane mother.

FOR SALE—Loose lima bean straw. Phone 352-M.

Mineola, from San Francisco at 10:50 a. m. today. Smith's actual flying time, given unofficially, as 24 1/2 faster than that of Lieutenant B. W. Maynard, the first flier to complete the cross-country flight.

Smith immediately registered a formal complaint with Colonel Archie Miller, commandant of the field, alleging that he had been held up four hours and a half en route from San Francisco to Chicago, for no other apparent reason than to wait until Major Carl Spatz and Lieutenant E. C. Kiel, who reached Mineola Saturday evening, could come up with him. These delays, Smith said, were at Rawlins, Wyo.; Salt Lake City, and Rock Island, Ill., an hour and a half each.

Smith lost a propeller just before reaching Cleveland, which forced him out of the lead in the eastbound competition.

What Is It?

Beautiful girls and women are continually asking about Fletcher's Bleach Paste; what it is and what it does. We would like to talk to each of you personally, but as that is impossible we will try to answer your questions with the desire to number you as one of our legion of loyal friends.

Fletcher's Bleach Paste
and
Skin Beautifier

is a complexion cream that keeps the skin clear and smooth. Applied like cold cream, it removes and prevents tan and freckles; does not peel the skin, but removes the dead tissue in fine particles. Unsightly blotches and pimples will disappear under this treatment. Fletcher's Bleach Paste rejuvenates the skin, removes fine wrinkles but does not grow hair. Physicians recommend it as it is the only bleach cream that does not cause blackheads and enlarged pores. When auto-mobilizing or hiking, use it as a face powder to protect the complexion. An inexpensive jar can be obtained at leading druggists or department stores.

OFFICERS NAMED BY MISSIONARY SOCIETY

Mrs. Nathaniel Walton Is
Hostess and Business
Meeting Held

WINTERSBURG AND SMELTZER, Oct. 13.—The regular monthly meeting of the Methodist Missionary Society was held on Wednesday afternoon with Mrs. Nathaniel Walton. The study period was omitted for the day, only the business meeting being held. Mrs. E. M. Fox, president of the society, presided and the devotionals were conducted by Mrs. Preston.

An election was held to fill official vacancies in the society caused by the removal from the community of Mrs. John Cady.

As a result of the election, Mrs. E. E. Pratt is corresponding secretary; Mrs. E. Ray Moore, secretary of deaconess work, and Mrs. B. A. Farrar is given charge of the extension work.

The November meeting will be held with Mrs. Preston and five and one-half dozen quarts of fruit promised for the Francis De Paugh Indian school will be contributed at that time and later packed for shipment.

Mrs. C. N. Davis, who has charge of the hospital work, is soliciting jellies, which it is also wished to have on hand by the next meeting. This goes to the Methodist hospital in Los Angeles.

A new study book on Christianizing America will be taken up at the next meeting.

Rev. S. J. Seamans, who was appointed pastor of the Huntington Beach Methodist church by the recent conference, has many friends in Wintersburg, who are glad to know he is returning to this vicinity. Rev. Seamans was here thirteen years ago was the first pastor after the local church was organized. Services at that time were held in Bradbury's hall, the church not having been built until later.

Miss Jennie Clay took her nephew, Fred Slater, to Los Angeles Wednesday to the hospital, where he was to have undergone an operation Thursday on his infirm limb. As Fred had a cold at the time, the physician thought best to postpone the operation until he was entirely over it, so they returned home.

Mrs. Hugo Lamb and two little girls of Talbert, are staying with her mother, Mrs. J. T. Stockton, while her husband is away with his thrasher. Mrs. Lamb takes her little girl, who attends the Fountain Valley school, to and from Talbert by machine.

Arkie Brock, who comes here from Arizona, entered the Oceanview school this week as a pupil in Miss Jordan's room. Several little Mexican children are also among the new pupils.

Miss Ruth Jordan entertained as guests at dinner and for the evening at the Slater home Thursday her sister, Miss Ramona Jordan, of Fullerton, and a friend, Miss Mary Humphrey, of Santa Ana. Miss Ramona Jordan has just returned from El Centro, where she had been for some time.

Mr. and Mrs. Bert Gothard attended an Eastern Star supper at Whittier Thursday evening of the past week.

JAPS' MUSIC PERFECT, SAYS SYMPHONY HEAD

TOKYO, Oct. 13.—The song Japanese workmen sing when raising the roof of a new building is among the purest music in the world, according to Henry Eichheim, formerly of the Boston Symphony orchestra, and later conductor of his own orchestra. Eichheim has come to Japan to study Oriental music with a view to using it in compositions.

"To my mind, the Oriental has evolved the purest music in the world," said Eichheim, "and I want to absorb as much of it as I can and get its true atmosphere. The Orientals have evolved by process of elimination a perfect philosophy, a perfect art and a perfect music."

"Take their flower arrangement. We place a whole bowlful of flowers in the center of a table. The Japanese take one or two flowers and decorate a whole room."

BIG GAME PLANNED FOR ROSE TOURNAMENT

PASADENA, Oct. 13.—To watch with eager eyes the football scores of Eastern and Coast football teams, in order that the best from each section may be named to play here for the Tournament of Roses, New Year's Day, a committee of three has been named by W. F. Creiler, tournament chairman in charge of the big athletic event. The committee is composed of Mr. Creiler himself, A. J. Bertonneau of the Linnard Hotels and Seward A. Simonds, formerly president of the Pacific Division of the A. A. U. It is the intention of the committee to make every endeavor to secure the absolutely top-notch team of the East this season for the January 1 classic.

For satisfactory service in every respect rely on the Sutorium, corner Fifth and Main. Phone 279. P. L. Briney.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous waste. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually, 10c and 25c.

SNYDER NOW READY TO GO BACK TO JOB AGAIN

Couldn't Do a Bit of Work for Months Before Taking Tanlac.

"When I commenced taking Tanlac I hadn't been able to hit a lick of work for several months, but a few bottles of this medicine has made such a big improvement in my condition that I am now getting ready to get back on the job," said F. L. Snyder, a well known lumberman, who lives at 44 Forst street, Portland, Oregon, the other day.

"I have suffered from rheumatism for the past fifteen years," continued Mr. Snyder, "and the trouble gradually grew worse all the time until it finally got the best of me, and I had to give up my work altogether. This rheumatism just seemed to settle in my knee and hip joints and shoulder blades, and it's an actual fact, I was simply in misery nearly every minute. Why, I got to where my knees would pain and ache so bad that I couldn't stand on my feet any length of time. When I was sitting down I would have to stretch my legs straight out in order to be comfortable a few minutes. I would have to change my position often while in bed on account of being in so much pain, and such a thing as a good night's sleep was out of the question with me. My kidneys gave me lots of trouble, too, and I suffered a great deal with pains in the small of my back."

"The different medicines and treatments I took didn't do me any good at all, and in fact, the only thing I found that has done me any good at all since this trouble first came on me, is Tanlac. I began taking this medicine a few weeks ago, and it is simply wonderful. I can truthfully say that I commenced to feel better by the time I had taken Tanlac four or five days, and I have been improving ever since. In fact, I never have a pain or an ache now with the exception of a slight pain now and then in the small of my back, and that is getting better all the time, I am going back to work next week, so you may know by that that my condition is greatly improved. I have told a lot of my friends about Tanlac and what it has done for me, and I am always glad to have a chance to say a good word for the best medicine on earth."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch; in La Habra by R. H. Hilbert; in Huntington Beach by Rigdon's Pharmacy; in Orange by Dittmer's Mission Pharmacy; in Placentia by A. J. Robinson; in Tustin by Tustin Drug Co.; in Brea by Brea Pharmacy; in Buena Park by Regal Drug Co.; in Garden Grove by O. H. Anderson and in Laguna Beach by Laguna Beach Pharmacy.—Adv.

ORANGE PERSONALS AND NEWS NOTES

ORANGE, Oct. 13.—The Brotherhood of American Yeomen installed officers for the ensuing year. Mrs. Rawlings of Los Angeles, Supreme Chaplain of the Homestead, was assisted in the ceremonies by the District Manager, J. S. Freeman, of Fullerton.

Those elected to office were: Bruce Richards, foreman; L. A. Durler, master of ceremonies; Mrs. Emily V. Reed, correspondent; C. W. Meadows, master of accounts; Mrs. Mary Keiser, chaplain; Mrs. Richards, overseer; Mrs. Josephine Bush, Lady Rebecca; Mrs. Sarah Sweet, Lady Rowena; Gladys Bush, guide, Ross Miller, watchman, and F. A. Mendenhall, sentinel.

After a splendid talk given by Mrs. Rawlings on the work of the order, and the election of five candidates, light refreshments were served.

The Homestead is making preparations for the Booster meeting, October 28th, when they expect to initiate one hundred members from four towns, Anaheim, Whittier, Long Beach and Orange. This meeting will take place at the I. O. O. F. hall here. District Deputy Freeman will institute a new lodge in Santa Ana October 22nd, preparatory to the Booster meeting, October 28th.

Mr. and Mrs. H. M. Harrison of 523 North Orange street, announce the marriage of their daughter, Jennie Opal Harrison, to Vernon De Vistroy of Salt Lake City, Utah. The simple ceremony was performed by C. C. Stoner at his home in the presence of the immediate relatives of the bride.

The bride has lived here for some years and has a wide circle of friends who will be surprised to hear of her marriage. The groom recently returned from France, where he was for eighteen months in aviation service.

Dr. J. A. Francis, noted Los Angeles minister, will address a meeting of the Orange Men's Club at the parish house of the Episcopal church next Thursday evening. Dr. Francis will talk on the League of Nations.

Word has been received by Ralph E. Boggs that his grandmother, Mrs. J. W. Boggs, and his aunt, Mrs. B. F. Thomas, of Ogden, Utah, will arrive here this week to spend the winter in Orange. They will take an apartment at the Sunshine Apartments.

Miss Florence Briggs, daughter of Mr. and Mrs. Otis Briggs, former residents here, was married Wednesday at Palo Alto to Jesse Elmond Simpson. They will reside near Denver, Colo.

CARD OF THANKS

Mrs. J. A. Turner and family wish to take this opportunity of thanking all friends and neighbors for their many kind acts, and words of sympathy in their hour of deepest sorrow in the loss of husband, father and grandfather.

Women wanted for cannery work. Can make good wages. Apply, ready for work, California Packing Corporation, E. First St., at railroad.

CHAPMAN GUSHER BEST PRODUCER IN STATE

Has Yielded Million and Half
Barrels Since Opened
In March

FULLERTON, Oct. 13.—The Chapman gusher, the big well that started all the excitement on the Richfield-Yorba field, has produced since the time it came in the latter part of March a million and a quarter barrels of 27 gravity oil. The well today is flowing quietly and puts its 4200 barrels into the receiving tanks every day, making it the greatest producing well in the state of California today.

Justified by the wonderful performance of Chapman No. 1 the Union Oil Company continues to lead off with the development work in the Richfield-Yorba district with wells drilling on eight different properties. Chapman No. 3 is drilling in the conglomerate at 2525, Chapman No. 4 has the lumber on the ground for the rig, and No. 5 is drilling in the conglomerate at 1600 feet.

The Union's Dickson No. 1 is making hole in the conglomerate at 1365. McPadden No. 1 is drilling at 2200 feet in sandy shale. The Morse well still continues in the conglomerate and shows close to 100 feet of hole. A fishing job on the Newell is keeping the well from making new hole, after 700 feet had been made. After bailing and cleaning out at the Collins well for a month the Standard Oil Company finds the condition of the well about the same. Sand seems to have in about as fast as it can be baled out and until this condition is overcome no production can be hoped for. However, there is a 200-foot hole, and as soon as the sand can be cleared the well should make a good pumper. The gravity of the oil is around 16.

The Standard's Kraemer No. 2 property is now the scene of a rush work in development. Five new wells are underway and the work is in all stages. Kraemer 23 is building rig; 24 is rigging up for the rotary and about ready to commence drilling; 25 is rotating and shows a 1000 feet of hole; 26 is building rig, and 27 is grading for a rig site. In connection with the well work, the Standard is rushing the work on the completion of a new up-to-date camp. The Kraemer property at the present time has all the appearance of a Texas field for speed.

The Heffron sand wash well has stood cemented now for a couple of weeks. The cement is being drilled, and a water test being made. On account of the good showing found just before the cementing, the starting of a new hole will be watched with the greatest interest. Stock in the well continues to change hands rapidly and offers of as high as 7 to 1 are current. On account of the encouraging appearance of the well at present, holders of the stock are selling very little. Two weeks from date is set for the big excitement that will either give birth to a new crop of millionaires or else the singing of the "swan song" to the tune of 100,000 dollars.

On the Yarnell property the Petroleum Midway is going ahead with marked progress in the drilling of three wells. No. 1 has just been set. No. 3 is drilling at close to 3000 feet in gray sand.

The Richfield-Yorba Oil Company, one of the latest concerns, has an ambitious development program marked out according to a report just received here. It is the intention of the new company to start three new wells instead of one as originally planned. Lumber is on the ground for the first well, but the work has been halted by the scarcity of rig builders.

The Standard Oil Company's Anaheim Union No. 1, drilling at Yorba Linda, is now, as far as can be learned, the deepest well drilling in Southern California. At 4640 feet the tools are digging in hard sand and there are no more indications of oil at this depth than at the time the well started drilling. The well, even though it proves a dry hole, will add in a large measure to the geological knowledge of the field.

MEN GETTING DRESSY

LONDON, Oct. 13.—It is very noticeable that one of the reactions of the war in England is toward dressiness on the part of the men, especially the young ones. A walk along West End streets in London nowadays will present to view a style in men's dress that might have been seen in Paris before the war, but never in England. The cultivation of waists is the most striking feature.

Effective Oct. 15, Huntington Beach stages will leave from the Central Auto Park, Third and Bush.

Yuba Tractors for long life.

CROWN STAGE CO.

Time Schedule, Santa Ana-Pomona
thru

Orange, Anaheim, Fullerton and
Brea

Stages leave Santa Ana for Pomona 9 a. m., 12:01
3:00 and 6:00 P. M.

Four Round Trips Daily

Stages leave POMONA for SANTA ANA 8:30-11:30 a. m. and 2:30
5:30 P. M.

Our stages make connection at POMONA for Ontario, Upland, Redlands, Chino, Riverside and San Bernardino.

"But mine are bifocals—KRYPTOKS;
that's why they look better."

Many a well groomed man is unpleasantly conscious that the awkward line of seam in his bifocal glasses is conspicuously out of harmony with his general appearance. But such bifocals are old-fashioned. There is no need of the line or seam at all. Kryptoks do away with it entirely—yet they give perfect vision for both reading and distance.

KRYPTOK
GLASSES
THE INVISIBLE BIFOCALS

cannot be distinguished from single-vision glasses. They have no age-revealing line or seam. Kryptok lenses are clear, smooth and even. That is why they are nationally known as "the invisible bifocals."

Kryptoks give you the advantage of near and far vision in one pair of glasses without the unsightly appearance of other bifocals. Before deciding on your next bifocals let us tell you all about Kryptoks.

TALBERT NOTES

TALBERT, Oct. 13.—Rev. J. J. Woodson is quite busy attending to final business connected with his Talbert, Greenville and Bolsa churches and making out reports preparatory for conference which commences the 15th. Conference convenes at San Bernardino this year and Rev. Woodson expects to drive up tomorrow and remain throughout the session.

Frank Borchard threshed his large bean crop the middle of last week, the Callens, Gislir, Borchard threshers doing the work. The sacked beans were hauled as fast as possible to the Farmers' warehouse.

Mr. and Mrs. Robt. Wardlow and daughter Muriel and son Donald motored to Riverside on Friday and attended the fair. F. D. Plavan was among the delegation who attended the Riverside fair on Friday, Orange County Day. Mr. Plavan also drove on to Perris before returning home.

F. D. Plavan, Leland Plavan and Misses Edith and Wilma Plavan were staying at the fair.

entertained Thursday evening at dinner by Mr. and Mrs. U. H. Plavan at Huntington Beach. Mr. and Mrs. U. H. Plavan are now located in apartments on Ocean avenue, that city.

Mrs. Hugo Lamb and children are visiting with her mother, Mrs. J. T. Stockton, at Wintersburg while Mr. Lamb is absent from home with his bean thrasher.

Claire Wardlow, who is one of the "thirteens" of the foot ball team of the Polytechnic High School, Santa Ana, sustained a painful injury to his shoulder Thursday evening while the team was playing a game with the Long Beach team at that place. No bones were broken but a bad sprain resulted which will not allow of his attending school for several days. Claire was out of school recently on account of an injury to his eye, sustained at school when a piece of steel flew into it while he was working in the shop.

Mrs. Chas. Ward motored to Compton Thursday and spent the day with Mr. Ward's sister, Mrs. Moody, who returned home with Mrs. Ward for a Misses Edith and Wilma Plavan were staying at the fair.

Mr. and Mrs. Leo Borchard and niece, Miss Clara Hauptmann, were among Talbert people in attendance at the circus in Santa Ana Wednesday. They were accompanied by Mrs. Frank Borchard of Santa Ana.

FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The E. W. Rose Co., Cleveland, O.

Timely Tips By B. E. Dresswell

The amount used in keeping your old clothes neatly pressed and cleaned can well be considered as an investment that pays a substantial dividend.

If dirt, dust and grease are permitted to remain on your clothing for any length of time the fabric is damaged while if you neglect to keep them carefully pressed they soon lose their shape and smart, stylish appearance.

Why not let the Crystal Cleaners be your brokers in this clothes cleaning investment? Their service will be satisfactory and also aid in getting greater service from your apparel.

Don't forget that they also clean and reblock hats.

PROPOSAL FOR BONUS

The proposal to pay a big bonus to every man who served in the army has received much support in congress. Congressional enthusiasm for it, however, has been somewhat chilled by the statement of Secretary of the Treasury Glass, that if this bonus proposal goes through, it will necessitate another Liberty Loan.

We would all like to give every ex-soldier \$200 or \$300, or \$400 in the name of a grateful country. On sober second thought it occurs that that money must be raised somehow, that it will take a billion dollars or more, and that, as Secretary Glass says, the gift would be "made at the expense of the soldiers' fathers, mothers and sisters and the children that are to come after them, in order to give them a holiday."

There are so many of the veterans, and they are so widely scattered, that it is probably correct to say that half of the money, at least, would come from their own families and close relatives in the form of income taxes and indirect taxes, thus giving another boost to the cost of living.

It does not appear that the rank and file of the soldiers have urged such legislation. They trained and fought unselfishly, as a service to their country, and a bonus is not going to anywhere near compensate them for the sacrifices they made. Their real compensation, after all, comes in the satisfaction of having done their part in a great cause.

NO TIME WASTED

There is history being made over in Mesopotamia which should bring the blush of shame to the cheek of every able-bodied man in this country.

In order to facilitate the transportation of Red Cross supplies it was necessary that miles of roads be built, and that many bridges be constructed. There were no men to do the work, so a force of five hundred American women undertook the job. In four months' time they have built one hundred miles of stone road and several steel bridges.

The women are thankful for employment of any kind, for they and their people are in desperate straits for food, supplies and money.

Here were needed construction and willing hands to do it. And judging from the speed with which the work has progressed, it is fair to surmise that the workers did not waste any time in disputes and controversies.

FILM IS CONDEMNED

When "Broken Blossoms" under the name of "White Blossom and the Chink" was given a try-out in Santa Ana by its producer a few months ago, the Register and members of its staff took occasion to condemn it because it pictured misery, pain, cruelties, horrors and crime, because it left a "bad taste in the mouth."

Under its new name the film is now being shown in Los Angeles, and newspaper comment in that city, too, strongly condemns the play.

"The people," says the Los Angeles Times, "had their fill of film horrors during the war. They also had their fill of salaciousness and the underworld. And now the directors, including the master film-maker, with his muddy Broken Blossoms seem intent upon giving them their fill of the morbid, the tragic, the ghoulish and the utterly dismal."

"And all the time the people are crying out for cheerfulness, for happy inspiration, for the good, the true and the beautiful. With exceptions, the film-makers seem to find it impossible to make virtue and sweetness both cheerful and interesting. They insist upon going to the underworld, to the sordid, for their inspiration."

"The time has come for virtue and sweetness and common decency to be the main theme and morbid slush and immorality the mere incidents. So far the proportion is generally reversed—slush for the main theme, the underworld for the big scenes, crime for the chief action—and virtue and decency on the side."

"Heaven send us healthy-minded film-makers with a taste for good company, for happy virtue, who can find occasional inspiration in respectability and social decorum. The latest trend is to show virtue very unhappy and ill-used and martyred, and vice triumphantly well-fed and alluring. It's all wrong. It isn't true to life or art or anything else and we've had enough of it."

And we agree with what the Times has so aptly said. Let us have smiles

and good cheer and hope and optimism. Let us keep our eyes toward the stars of happiness rather than turned downward upon the depths of degradation, and we will all be happier and sweeter, and life will seem better and be better.

An editorial in the Los Angeles Times speaks of "Talbert, Los Angeles County." It is not the first instance of the need of Los Angeles newspaper writers for a course in Southern California geography.

The County Fair

Huntington Beach News—The Orange County Fair, held in Huntington Beach last week, may truly be said to have been a remarkable success, when the population and the geographical position of the community in which it was held are considered. The admissions to the fair were approximately eight times the population of the city of Huntington Beach, which is undoubtedly an achievement that those who had charge of the fair may well feel elated over.

There have been many larger exhibits in Southern California, but it is doubtful if there have been any where the quality exceeded those that were viewed here last week. It is certain that the display of dahlias was far and beyond any collection ever shown in this section of California.

There was a number of contributing forces that aided in the great success of the fair, but the principal one was the unlimited endorsement given it by the Santa Ana Register. The citizens of the community owe a debt of gratitude to the Register for the service rendered in advertising the fair throughout the county and making it so successful that it may be justly termed a county exhibit.

There are many who are entitled to much credit for the great amount of time and thought devoted to the fair, but most of the burden usually falls upon the officers. Consequently, F. H. McElfresh and J. K. McDonald, president and secretary of the executive committee, are entitled to crowns for their services, not only for this fair, but the previous ones that have been given under their management. Other members of the executive committee are H. V. Anderson, Joseph Vavra, Judge Louis A. Copeland, H. T. Dunning and R. C. Turner, who are also entitled to laurels for their untiring efforts.

For Conservation

Redlands Facts—Redlands people of several years' residence know only too well the large demand that has come to the upper part of this county through the flood waters which pour down off our mountains into the channel of the Santa Ana river. And many of them have lamented that such vast quantities of water, of immense value if conserved, should be allowed to rush into the sea. It is to correct such a condition that the law was framed, under the wise leadership of the Tri-Counties Reclamation Committee. Much thought was given to it, and no claim of selfishness or of intentional favoritism can be against it. Probably the act is not all that it should be; very few laws are enacted that are altogether wise in the first instance. It takes time and practical trial to demonstrate the wisdom of theories which seem in discussion to be fair and right.

But this we do know: That damage estimated to amount to \$230,000 annually is done to our present tillable lands by the inroads of flood waters; and that the saving of these waters would give us enough of the precious fluid to irrigate many more acres—estimated at 40,000 acres by competent engineers.

To stop the destruction and to save the water is the aim of the act. It is to be hoped that the law may be found adequate and fair. If so found, no time should be lost in organizing under it and in bringing about the large benefits which would follow.

Product of Schools

Pasadena Star-News—That American soldiery were so quickly and so effectively trained to fight decisively abroad was a tribute to the excellence of the American system of education, as well as to the native brightness and resourcefulness of America's young men. This is the conviction of King Albert of Belgium. The good monarch, keenly alert to discern the sources of this nation's strength, puts high valuation upon its schools.

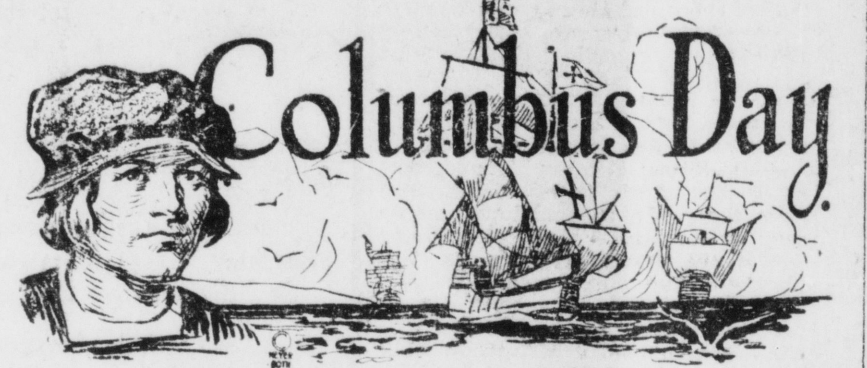

He is right. He perhaps appraises this country's educational advantages more highly than do a great many Americans, who, from familiarity with this great educational asset, come to underrate its worth. That there are defects in America's schools is readily to be admitted. But these shortcomings are not vital. Despite its flaws, the American system of compulsory popular education, supplemented by the facilities for higher education which this land boasts, is producing a citizenry whose general level of intelligence and proficiency is not excelled in any country on earth.

Causes of Unrest

Financial America—The chief causes for industrial unrest in England are described by the industrial conference board to be five. They are: The long strain of the war, the nervous effect produced by the extreme industrial efforts of the nation, the disturbance of the normal economic life, the rise in the cost of living, and the absorption into English thinking of revolution ideas from the continent. Every one of these causes is as apparent here as in England and they are showing much the same effects. Because the British suffered more than we, they naturally would react quicker from the freeing of the strain. Also, their workers were more closely unionized, because of the smaller area over which their activities spread. The radical could thus reach his audiences more quickly and spread his nostrums before a counter-irritant could be applied. Happily, we have an advantage in this over England.

With many of the same causes we

Who's Got the Sugar

Columbus Day
(From Visalia Times)
Four hundred and twenty-seven years ago a Genoese navigator with a bullet-shaped beard, large, soulful eyes and a general countenance unlike that of any other individual—a man unique in face and figure, also in achievement, produced possibly for that very purpose—tought back his frightened and mutinous crew of sailors on a little fleet of wind-jammers with one hand while he trained his telescope with the other hopefully in a direction which he believed would develop land, if he kept on going in such direction long enough. He succeeded in holding his westerly course till that eventful Friday morning when he discovered what is now America.

This unusual man, whom the world still delights in honoring, and whose memory will be honored throughout America this October 12th, Christopher Columbus, a man with a vision, was the most illustrious example of a man who was capable of peering far into the future, and the most wonderful example in perseverance. The "Poet of the Sierras," California's own sweet singer, Joaquin Miller, in his magnificent verses on Columbus, says:

"He gained a world; he gave that world
Its grandest lesson: 'On and On.'"

Worth While Verses

FRIENDLY TREES
O dreamy, gloomy, friendly trees,
I came along your narrow track
To bring my gifts unto your knees
And gifts did you give back;
For when I brought this heart that burns—
These thoughts that bitterly repine—
And laid them here among the ferns
And the hum of boughs divine,
Ye, vastest breathers of the air,
Shook down with slow and mighty poise
Your coolness on the human care,
Your wonder on its toys,
Your greenness on the heart's despair,
Your darkness on its noise.
—From "Poems" by Herbert Trench.

LAGUNA BEACH NOTES

LAGUNA BEACH, Oct. 13.—The San Diego traffic, including the stages, is going through Laguna, until the work on the boulevard between Irvine and Capistrano is finished, as it is detour miles nearer than by way of the detour through El Toro. The road from Laguna to the San Diego boulevard at Capistrano, though not paved, is in good shape, as it was worked on just before the rain.

Mr. and Mrs. James Rice and Mr. and Mrs. Sherman Stevens of Tustin, motored down to Laguna Sunday afternoon and visited some of the studios and the art gallery. Mrs. Rice had been ill, but is much improved.

Mrs. Yoch and Miss Josephine Yoch spent Sunday in Laguna, motoring down in the morning and returning to Santa Ana in the evening. Miss Mary Isch going back with them.

Among those at the hotel are Mrs. Marion C. Bodant and Master Jack Bodant of New York City; Mrs. D. C. Plumb of Chicago, who is spending the winter in and about Los Angeles; Mrs. James Degnan of Los Angeles; and Mr. and Mrs. Robert F. Fitz and a party which includes their daughter and son-in-law, Mr. and Mrs. Lambert; Miss Pauline Holmes, and S. W. Salter, the latter from New York.

Miss Mary Isch was the guest of honor at a supper and marshmallow "toast" on the beach Friday evening. Mr. Hamilton of the "Honeyuckle Court," who has been ill, is reported much better.

Mr. and Mrs. Hector Monroe Holloway returned to Los Angeles Monday, after a rest spent in the Moulton cottage.

Stolen—Ford touring car, license number 534795, engine number 3154-019. Yale switch lock. Reward. Phone 1925-W.

Yuba Tractors give little trouble.
Yuba Tractors stand the test.

Clothes and Things for Regular Boys

To the parents of the boy and to the boy himself, who wants to be clad in manly garments, we are offering many exceptional opportunities.

Boys' Mackinaws, Caps, Dependable Hose, Belts, Suspenders, Sweaters, Suits, Scout Clothes and Corduroys, Munsingwear.

You'll find a wealth of other good things here that all boys want and that all GOOD boys ought to have.

SENTIMENT EXPRESSED BY CAPPERS IS COLLINS, TOO
Editor, Register:—T. A. McNeal, editor of Cappers Weekly, Topeka, Kansas, has the following to say about Senator Johnson's opposition to the League of Nations: "After reading one of Senator Johnson's speeches I can see no justice or consistency in keeping Debs in jail and Berger out of Congress. If the senator is justified in his speech our entrance into the war was a terrible mistake if not a national crime. By inference he charges that we were duped by the duplicity and cunning of the Allies. Despite the record of California in regard to the Chinese, the Senator almost sheds tears over the injustice to them. One would think he regarded the Chinaman as a brother beloved."

These are my sentiments.
C. C. COLLINS.

Try this easy way to heal your skin with Resinol

If you are suffering from eczema, ringworm or similar itching, red, unsightly skin affection, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will be astonished how instantly the itching stops and healing begins. In most cases the sick skin quickly becomes clear and healthy again, at very little cost.

Resinol Ointment and Resinol Soap are sold by all dealers in drugs and toilet goods.

Meet me at the big dance given by the I. O. O. F. at the I. O. O. F. hall Tuesday evening, Oct. 14. Everybody come. Good music and pleasant time assured. Admission 25c.

ARTISTS OF LAGUNA SAY EXHIBITS FINE

LAGUNA BEACH, Oct. 13.—Conway Griffith and Frank Cuprien are both home from Los Angeles and report the exhibits of the California Art Club at Exposition Park, and the Ten Painters, at the Kanst galleries, excellent.

One of the Los Angeles Sunday papers published a double page of very good pictures of some of Laguna's prominent artists. Wm. V. Cahill is shown working on his picture "Thoughts of the Sea," which took the first Clarence Black prize of \$150 at the California Art Club exhibit. William Wendt, Conway Griffith, "the pioneer of the colony," and Henri Gilbert De Kruij are also shown at work in their studios; Lillian Ferguson, R. Clarkson Colman, and Jack Wilkinson Smith were taken while painting on the rocks and along the coast. A small photograph of Edgar Payne, president of the Laguna Beach Art Association is inserted.

The Laguna art gallery was well filled Saturday night and Sunday afternoon, many strangers coming in, as well as the artists and residents, who meet there for a social hour or so each week. Mr. Cuprien gave an impromptu talk on art and artists, past and present.

Among those seen at the gallery Saturday evening were: Mrs. Marion C. Bodant and Jack Bodant, Mrs. Mary Austin Oliver and her daughter, Miss Jean Oliver, Mrs. D. C. Plumb, Mr. and Mrs. Tanberg, Mr. and Mrs. Robert F. Fitz, and a party of friends, Mrs. H. E. Norton, Miss Mary Norton, Miss Helen Norton, and John Norton, Mrs. Robert Evans and daughter, and Mr. Cuprien. Many other residents of, and visitors to, Laguna dropped in during the evening.

Social Events

Country Club Cards

The delightful afternoon at the Country Club, Saturday, when the ladies gathered together for their regular session of cards, was drawn to a successful close by Mrs. H. B. Van Dien, who was hostess for the afternoon.

Mrs. Bailey and Mrs. J. P. Hatzfeld were found to hold high score at the completion of the games and Mrs. Charles Spicer and Mrs. J. C. Metzgar, who are to be hostesses at the next afternoon, held low score.

Present were Mesdames J. P. Hatzfeld, J. D. Parsons, Charles Spicer, J. C. Metzgar, George Briggs, Charles Kendall, H. B. Van Dien, Tubbs, W. A. Flood, Davis, Rutherford, E. S. Gilbert, Harris, Culver and Bailey.

Triple Wedding

Mr. and Mrs. J. W. Simpson of East North street and Placencia avenue, Fullerton, Friday announced the engagement of their two daughters, Mabel Claire, and Elizabeth Maude, and their niece, Alta R. Snyder. The triple wedding is to be solemnized the early part of November at the home of Mr. and Mrs. Simpson and will be quite a brilliant affair.

Miss Mabel Claire will become the bride of Otto Michael of Chicago, Ill., who served as ward master with base hospital unit No. 14 in France for ten months, and who since his discharge has been associated with the Zukin Shirt Waist company of Los Angeles.

Miss Elizabeth Maude will become the bride of Lieut. Chas. M. Connors, who was in the aviation department for one and one-half years and who while instructing cadets at Gersner Field, La., fell from a high altitude and received severe injuries from which he just recently recovered. He is now associated with the Fresno Chamber of Commerce.

Miss Alta R. Snyder, their niece, will become the bride of Lawrence S. Lynde of Long Beach, who recently received his discharge from the navy after an extended service as radio electrician in the canal zone.

The three brides-to-be are graduates of the Fullerton high school and before moving to Anaheim attended the Manual Arts school in Los Angeles, where they were very popular.

Membership Growing

Clarence Gustlin, president of the Santa Ana Musical Association, reports an active interest in the coming season's programs as evidenced by the numerous applications for membership cards which entitle the holder to free admission to all concerts which the association will give.

One concert per month or seven events for the season will be available to all who join the association. The fee is extremely reasonable, being but a dollar and fifty cents for adult members and a dollar for school students.

The opening event, which is scheduled for Monday evening, October 27, is a high priced attraction and one which is sure to please. Mischa Lhevinne, pianist, and Estelle Gray, violinist, are both celebrated artists with a popularity in this country which is seldom equalled on the concert platform. Their programs, while of a distinctly high order, are within the comprehension of the musically untrained listener.

The concerts will be given in the First Congregational church and for that reason anyone wishing to attend must take a membership in the association since no single tickets for any event can be sold.

Tickets may be had at the Summer Shop, at the First National Bank or from Mr. Gustlin at the High School. Persons living outside of Santa Ana are also eligible to membership.

Standard Bearers Elect

A very interesting and important meeting of the Standard Bearers' Foreign Missionary Society of the First M. E. church was held at the

WELL KNOWN SINGER OPENS STUDIO.

Eleanor Horby Woodford begs to announce that on Wednesday, October 15th, she will open a studio at her home, 1022 South Main street. Applications for appointments should be made early. Phone 668-W.

Following the ceremony an informal reception was held and the bride and groom showered with the sincere best wishes and congratulations of their many friends who regret that Mr. Franklin's duties will make it necessary for them to make their home in San Diego, where they have taken an apartment for the present, and where they expect to return following a short trip to San Francisco.

Miscellaneous Shower. Mesdames Geo. Phelps, Roy Crane and Fred Mott were hostesses Friday at a delightful miscellaneous shower for Miss Mildred Dixie, a bride-to-be, at the home of Mrs. Fred Mott on North Main street.

Colors of yellow, black and orange carried out the spirit of the Halloween season in the arrangement of the decorations in the home and in the light refreshments.

Miss Dixie was the recipient of many beautiful gifts. Present besides the hostesses were: Mesdames Reese, Earl Mathews, Lloyd Crane, Will Leiser; Misses Nora Morris, Amy Larson, Ethel Walker, Lila Crane, Hazel and Ethel Newman, Bertha Miller, Marian Gerard and Edna Rash.

Missionary Meeting. The Woman's Missionary Society of the First Baptist church will meet Wednesday, October 15, at the church. The topic will be "California Mexicans" and Mrs. Edith Bohannon, principal of Logan Mexican school, will speak to the ladies. Mrs. L. I. Baker will give vocal selections. Mrs. A. M. Robinson will act as leader.

NOTICE TO MY PATRONS. Those holding contracts on my studio, wishing the work done in time for Xmas, please come during October for your sitting.

All contracts are good until used, but extension of time must be granted at studio.

FOR THE AFTERNOON

The afternoon frock shown today is the smartest thing imaginable. It is of sapphire velvet. The cuffs on skirt and sleeves are lined with a dark green-gold satin. Heavy black tassels finish the lower ends of the cuffs while the braiding on waist and skirt is also in black.

of his own life to the care of two Red Cross nurses, who bathed his wounds and rendered all the aid possible until he could have medical attention, after he had lain unconscious for hours. "Those women," he said, "worked day and night almost without sleep for a week at a time in their strenuous efforts to save human lives."

Much of interest was said in the brief talk of Capt. Holderman and at its close the chairman, Mrs. Julia Garrison, called upon Mrs. Elizabeth Mills to say, as she could so fittingly say, how much the captain's words were appreciated. Mrs. Mills stepped to the front and taking his hand said she had known "Neb" since he was a mere boy, and how glad she was that he was safe home again after the long absence fraught with so many hardships and perils.

Mrs. Mills spoke of the National G. A. R. convention which she attended at Columbus, O., but owing to her late arrival was unable to give the talk she had prepared, which will be given at the next meeting of the social club.

Mrs. Elida Huntington gave a fine reading, Mrs. Wilkie sang an old-time song, Mrs. Ford gave a humorous reading, Mrs. Lillian Post, at the piano accompanied the violin number furnished by Sedgwick Post, which was twice encored. Mrs. Carrie Ey, tea chairman, served delicious refreshments. Mrs. Julia Garrison, representing Sedgwick Social Club, provided a large decorated cake with the words "Welcome Home," which was presented to Capt. Holderman. Mrs. Holderman cut the confection which was passed among the guests by Mrs. Carrie Ey.

In the evening Mrs. Garrison entertained with a large party at the Temple theater, after which Mr. and Mrs. L. A. Schlesinger invited the guests to a supper at James'.

The following guests were present: Captain and Mrs. Holderman, Mr. and Mrs. Coate, Mr. and Mrs. Maryatt;

Hard-Time Wedding

The Orange County Business College Saturday night was the scene of one of the prettiest "weddings" of the season, when Miss Harriett Octavee Lemontee Chew Blumenheimer (Rose Richardson) daughter of Mr. and Mrs. Ichabod Blumenheimer, became the bride of Mr. Theophilus Pepperall Jerikiah Poppyjohn (Benjie Bender).

The bride was charming in a beautiful gown of black broadcloth and pink gingham. She wore a veil of the loveliest of window curtains and held an exquisite bouquet of fresh garden cabbage tied with a beautiful black ribbon, which later was thrown and came into the proud possession of Isabel Collins. The groom was attired in a new creation of Swedes comedian, an appropriate evening costume.

The couple were attended by dainty little Susie Rebecca Budzbanowsky (Vera Feldner) as flower girl. Misses Katrina Von Zepplin (Alfreda Borchard) and Mme. McClosky (Grace Black) as bridesmaids. The groom was attended by Allwishus Blumenheimer (Lawrence Sullivan) and Julius Poppyjohn (Marion Peterson) as best men. Winning little Peter William Jonathan Budzbanowsky carried the wedding ring on a cabbage leaf. Rev. James Doolittle (Dwight Kenyon) officiated at the touching ceremony.

The couple received many beautiful gifts, and following the wedding banquet, departed to honeymoon land in Clorietta.

W. C. T. U. Meet

The W. C. T. U. will meet tomorrow afternoon with Mrs. W. B. Tedford at 1319 North Broadway.

Returned Hero Talks

The Woman's Relief Corps gave an enjoyable tea Friday afternoon in G. A. R. hall. The corps was favored with an interesting talk by Captain N. M. Holderman, who has just returned from France, and is home on a brief furlough previous to his final discharge.

Upon his entrance, the Captain was greeted by the audience rising and applauding in a very whole-hearted manner, in an endeavor to express something of the pleasure each one felt to be permitted to greet the soldier, who had returned bearing medals for bravery and distinguished service in some of the fiercest battles of the great war. Four wound stripes show suffering high unto death when shot and shell and deadly gas wrought such fearful havoc that recovery seemed impossible. But, like many other brave men, who passed through the fires of German-kindled hells, he is with family and friends once more far removed from those scenes of horror.

Commander O. H. Maryatt introduced Captain Holderman "as the 'boy bugler' of the G. A. R. Southern California Veterans Association, and whose name they have proudly retained on the roster of the association, and are rejoiced to be the first to welcome home again."

The Captain expressed his happiness at being privileged to greet so many of the old-time friends and in many the cordial relationship he felt with the G. A. R. and Relief Corps. In speaking of some overseas experiences tribute was paid to the wonderful bravery, and priceless service rendered by the Red Cross nurses and those of other organizations during those trying days when under continuous fire they shared the perils and hardships of the soldier, and many gave their lives while caring for wounded men and giving aid to the helpless.

The speaker attributed the saving

WALTER MISSING AND CASE UP TOMORROW

LOS ANGELES, Oct. 13.—Friends of Eugene Walter, noted playwright, accused in both civil and criminal courts here of beating Nina Whitmore, New York actress, in her room at the Hotel Alexandria, today professed ignorance of Walter's whereabouts. Intimations were given that he might be in San Francisco. No one would admit seeing him here since Saturday morning.

Walter is scheduled to appear in court here tomorrow to answer the criminal charges.

BORN

HENRICKSON—At Santa Ana hospital, Oct. 9, 1919, to Mr. and Mrs. Edson Henrickson, a 7 1/2-pound daughter.

**Put your Money into
YOUR OWN HOME**

SECURITY FOR THE DAYS TO COME

Realize your longing for a home by building today. If it's yours, all your own, it's bound to be a haven of shelter and security to the wife and family no matter what may befall.

The home is the foundation upon which our great democracy is founded—in the home are taught the great fundamental principles of love and patriotism that guide the destiny of our great nation.

If you live in a rented home subject to the restrictions imposed by a landlord, those endearing memories of the family hearth lose their significance and what to you should be the "dearest spot on earth" becomes merely a shelter from the elements.

Build your own home and keep alive these sacred associations and as time goes on the children leave the paternal roof they will look back to father, mother and their nesting days with fond, tender recollections.

Furthermore you can help Santa Ana to grow. It is impossible to accommodate those who are seeking homes here at the present time. Many are turning away and taking residence in other Southern California cities. Build a home and make room for another family in Santa Ana.

Be thrifty, enterprising, progressive and prosperous. It's the order of the day.

THE FIRST NATIONAL BANK of Santa Ana

Is always ready and anxious to support any undertaking in line with the prosperity and advancement of Santa Ana and Orange County. It advises the building of new homes to accommodate the expansion and healthy growth of all Orange County residence districts. Let's make room for the increasing population and let us build for the future.

POLY WRESTLES POMONANS TO 0-0 SCORE

Only Advantage In Clash Is
Gained By Locals In Last
Minute of Play

The Santa Ana High and the Pomona College freshmen battled to a 0 to 0 score last Saturday on the local gridiron. Both sides fought hard, but neither could gain a decided advantage, until the last minute of play, when Santa Ana got down to Pomona's eight-yard line. Santa Ana was unable, however, to push the ball over.

Pomona had a shade of an advantage the first half, keeping the ball at Santa Ana's end of the field most of the time. They were never within striking distance of the goal, and the half ended with the ball in Santa Ana's hands on their 25-yard line.

The second half Santa Ana opened up and the tables changed. Spangler tore off some end runs; Cock made some good gains through the line, and a few forward passes were completed. In this way the ball was run to Pomona's 20-yard line, where a place kick was tried, but fell short. In the last few minutes of play Pomona attempted to punt from their 15-yard line. Westgate broke through the line, blocked the kick and fell on the ball on Pomona's eight-yard line. But here Pomona held and the game ended with the ball in Pomona's hands on their five-yard line.

Fine Game at Half

Spangler played a fine game at half. He got away with several end runs and hit the line quite a bit harder than usual. The lack of proper interference prevented him from doing more. At left half Coffman showed that he was going to make trouble for opposing teams. He made several good gains and was a bear at breaking up forward passes. Cock at full plunged through the line for many a gain, never being thrown back. At defensive full he did some great tackling, very few plays getting past him. On the line, Westgate played a ripping game at tackle. Many a time he went through the line to break up plays and opened up some big holes. Sealey showed that it was possible for him to break up plays and open up some big holes. The rest of the line put up a type of play which, with another week's practice, will make it a stone wall.

Show Well On Defense

On the defense the team showed up well, with the exception of the ends, who found some difficulty in breaking up interference on end runs. At breaking up forward passes they proved themselves demons. Time after time Pomona tried passes, but a Santa Ana man made them incomplete every time.

The lineup:
SANTA ANA POMONA
Remsburg, Hilliard, RE...Houghton
Westgate, Haudley, RT...Haudley
W. Dungan, RG...Dyer,
Dennings, C...Cliff
K. Dungan, LG...Pike
Brown, Sealey, LT...Cole
Arkley, Stuart, LE...Dyer,
Spangler, RH...Kennedy
Coffman, LH...Wilson
Wilcox, O...Maurer
Cock, F...Doughdy

PLAN TWO BATTLES FOR THANKSGIVING

NEW YORK, Oct. 13.—Two big championship fights have practically been arranged for Thanksgiving Day. Benny Leonard, world's lightweight champion, will meet Lew Tendler, the Philadelphia lightweight, in a 15-round, no-decision bout at New Haven. Pete Herman, bantam champion, will meet either Pal Moore or Joe Lynch at New Orleans.

The Leonard-Tendler mill has the promise of being one of the season's best battles. The Quaker lightweight, despite the whipping he received from Willie Jackson, has everything that brands him as a real candidate for the crown worn by Billy Gibson's champion. Tendler has been yelping for a fight for months and so thoroughly convinced the fans of his sincerity that they made a demand for a chance for the Sleepy City boy that Gibson couldn't turn down.

Pete Herman wants to get back into the good graces of the fans who have been panning him of late. He has agreed to fight anyone on Turkey Day that his manager will sign up. He'll take either Pal Moore, of Jimmy Wilde fame or Joe Lynch, the New York flash. Rather than have the two aspiring little fellows run the risk of broken limbs in the rush after the match he suggests that Moore and Lynch get together about October 20 in some ring, and decide who gets to put on the gloves for the crack at the championship.

Fans who saw that go between Lynch and the champion at New Haven were almost one in declaring that the New York boy made the southerner look foolish. Herman retained his championship by running away, they claimed. If Lynch and the little Pete do get together in a bout of reasonable length, the following of the Gotham scrapper will lay odds that their idol will bring home the crown.

Rest Being Taken Today By St. Paul and Vernon Teams

LOS ANGELES, Cal., Oct. 13.—With the series standing three to two in Vernon's favor, the St. Paul and Vernon clubs rested today and will resume their battle for the minor league championship tomorrow afternoon.
Yesterday St. Paul grabbed off the game, two to one. Griner, pitching for St. Paul, proved invincible. He has been St. Paul's pitcher in both of the games won by the American Association team.
Fans who saw yesterday's game were of the opinion both teams needed the rest today, for each undoubtedly was suffering from nerves. Edington of Vernon and McDonald of St. Paul nearly came to blows and Umpire Toman at the plate was stripped of his chest protector by the St. Paul team to emphasize a protest when someone thought he called a bad one good.

WATCH ROOSTERS WHEN KILAUEA IS FLOWING

HILO, Island of Hawaii, Oct. 13.—Owners of coal black game cocks are keeping out an eye to see that the chicken house door is locked securely every night.

And that's all because the volcano of Kilauea is now the most active it has been for thirty-five years.

Six months ago Kilauea was sputtering away in its mile wide bowl of burning, molten rock, with the level of the flaming crimson sea of boiling lava 900 feet from the top of the crater.

The night that Secretary of the Navy Daniels and his party paid Kilauea a visit—the latter part of August—the level of the seething lava lake was about fifty feet below the crater's top.

Several overflows already have occurred. A cone which once jutted 500 feet above the crater's top has melted away into the sea of fire. Two hours after the secretary and his party left the volcano the rock wall between the main crater and a second smaller one, caved in, joining the craters.

And Kilauea still is going strong. As to the connection of all this with coal black game cocks? Oh, that's very simple.

Many years ago, when the islands first were becoming a white man's land, Kilauea became angry. It roared and hissed and sputtered and the ground shook. Then the lava overflowed and moved slowly down the mountain, side toward Hilo.

Natives Are Frightened
The native Hawaiians had been Christians but a comparatively short time. Their fright knew no bounds for the island legends were full of the tales of what Kilauea did when Madame Pele, the goddess who lived in Kilauea's crater, became angry. So the Hawaiians prayed that the flow would stop. But it didn't.

Then they danced. But that was ineffective.

Finally, forgetting their Christianity for a time, they sent a party by canoe to Honolulu to consult a few remaining priests of the days when they all worshipped the strange South Sea deities.

"Throw a black rooster into the lava flow," was the advice they brought back.

The sleekest, shiniest cock on the island of Hawaii was picked for the sacrifice, and while the maidens danced, the warriors threw the squawking bird into the base of the lava flow.

In an hour the flow had stopped. Madame Pele, the most feared goddess of the island, evidently had been satisfied with a chicken dinner.

American residents of the island believe that if there is ever another big lava flow, coal black roosters will come into demand once more.

HERMAN TO BOX FARESE
NEWARK, N. J., Oct. 13.—Peter Herman, world's bantamweight champion, will meet Harold Farese, Newark youngster, tonight in an eight-round bout which will feature a program before the Newark Sportsmen's Club.

CRAVATH ANGLING FOR BERGHAMMER

That Garry Cravath, manager of the Philadelphia National League ball club, is angling for "Lightning" Berghammer, second baseman of the St. Paul club, who has been setting the fans agog with his speedy play in the series between the Minnesotans and the Venice Tigers, became known here today. Cravath is known to be badly in need of a good second baseman and those "in the know" would not be at all surprised to see Berghammer get a berth on the Phils team. It was reported today that Manager Kelley of the St. Paul aggregation has given Cravath first call on Berghammer.

Yuba Tractors give little trouble.

GAVVY BANQUET PLANS STARTED HERE TODAY

Burly Chief of the Phillies
Is Expected Here In
About a Week

Plans were today being set afoot by Victor Walker, local sporting goods dealer, and Robert Gramm, who owns the White Cross cigar stand, for a banquet to be given C. C. ("Gavvy") Cravath, manager of the Philadelphia National League ball club, upon his return to Santa Ana at the end of a hunting trip into Humboldt county, where he now is with George Spangler of this city.

The banquet shortly to be given Cravath will be the first one tendered him in Santa Ana since 1916, the annual function having been dispensed with during the war. The two previous banquets given the burly chief of the Phillies proved great successes.

Walker and Gramm are expected to decide in a few days where the banquet is to be held.

Cravath and Spangler will probably be home from their hunting trip into Humboldt county in a week's time. The banquet will follow shortly.

Following the close of the National League season, Cravath went direct to San Francisco, where he met Spangler. Cravath's hunting and fishing licenses for this year were forwarded to Cravath by Walker.

At San Francisco Spangler joined Cravath and Pitcher Oeschger of the Boston Nationals. Oeschger's father owns a ranch in Humboldt county. The party is putting in its time there, hunting deer and fishing for trout.

As manager of the Phillies Cravath will be able to spend but a comparatively small part of the present winter at Laguna, as he will need to attend various meetings in the east in connection with the trading of players. It was stated today that Cravath's sojourn at Laguna this winter will probably be his last during his tenure of office as leader of the Phillies. He will find it more expedient, as manager, to live in the east during coming winters it is said.

Cravath's numerous friends in this city and at Laguna are looking forward eagerly to his return.

JIMMY AUSTIN TO WINTER AT LAGUNA

Jimmy Austin, veteran third baseman of the St. Louis American League ball club was in Santa Ana a few minutes today while en route from Los Angeles to Laguna Beach, where he will spend the winter. Austin wintered at Laguna during 1916-17. He is one of the best known players in the game, having earned the sobriquet of "Pepper" Austin by reason of his liveliness in contests. At least on two occasions he acted as manager for the St. Louis club, bringing the organization to a high level of effectiveness while the owners were casting about for a new manager. The new head of the team obtained. Austin went back to his old job at third base, where is one of the mainstays of the team. His home is in Cleveland. He would spend all his winters at Laguna on the coast were it not for the fact that his business interests are in the east.

ODD NEWS NOTES

NEW YORK.—Johnny Maher, Stanford, Conn., youth, fell 110 feet from the Manhattan bridge to the pavement. His only injury was a severe headache.

CLEVELAND, O.—"Bull" Johnson, former big league umpire, has turned to preaching and told an audience here God never calls an "out" if the player in life tries to be square.

CHICAGO.—While the fire fighting companies of Lake Bluff and of the Great Lakes argued which would fight a fire in the home of Charles Hutchinson, the house burned down.

THREE NEW PASTORS PREACH AT PASADENA

PASADENA, Oct. 13.—Pulpits of three Methodist churches in this city were yesterday occupied by new pastors for their first appearances. The new men are: Rev. W. E. Tilroe at the Lake avenue church; Rev. W. C. Botkin at Washington street, and Rev. C. B. Allen at Lamanda Park. They were sent to the new charges by the Methodist conference at Santa Barbara this week. Rev. Merle N. Smith of the First Methodist and Rev. W. C. Loomis of Lincoln Avenue Methodist were welcomed back to the pulpits they have filled for several years.

Yuba Tractors stand the test.

MASONIC NOTICE

Called meeting of Santa Ana Chapter No. 73 R. A. M., Tuesday, Oct. 14, for work in the Mark Masters degree. By order of H. H. REEVES, High Priest. G. A. WHIDDEN, Sec'y.

BIG GRID TEAMS FOUND LACKING IN GAMES

BY HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Oct. 13.—Sweet words will hardly figure in the talk that several eastern coaches will hand out this week to their charges.

As a result of hair breadth escapes Saturday against opposition that the student bodies had been figuring as practice material, Cornell and Princeton need an injection of "new stuff" in preparations to meet Larry Bankart's Colgate eleven. Coach Duly's cadets at West Point, by their loss to Syracuse, have also given their pilot "things to worry about" when he thinks of the navy game, the only thing that counts on the army calendar.

The chesty crowing of Lafayette, which considered its stunt of holding Princeton to a 9 to 6 score as a victory, isn't the only thing sticking in the craw of the Tiger students. Their star center, Murray Scureman, went out of the game Saturday for the season with a broken leg.

Injuries to Captain Ewen, Graves and Severn, which may keep them out of the game for several weeks would be causing some unrest at Annapolis if the meddies were facing any stiff opposition, but they have almost a paved road to the army game. Yale and Harvard had such an easy time with North Carolina and Colby that Coaches Sharpe and Fisher gave nearly all of their bench warmers a workout in the last half.

Yes, we know you will sooner or later. Why not now? Call the Sultorium, 279. Prompt auto service.

How Much Tobacco Will My Heart Stand

A Question Vital to Every Man Who Smokes or Chews

IT MAY COST A PRECIOUS LIFE TO FIND OUT BY EXPERIMENT

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins, he lives; when he loses, he dies. But he never knows the final victory of nicotine until he passes through many stages of decline and decay and suffers many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor who knows that tobacco injures them, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results. But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it easy for yourself

by getting Nicotol tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.
If you want to know how much easier it is to quit the habit with Nicotol, it is to quit the habit without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will desire to resume. At least your desire will be greatly diminished and not only so, but a pleasure to quit. After a week or two should make it not only possible, but a pleasure to quit.
NOTE: Dr. Connor, formerly of Johns Hopkins Hospital, under whose advice Nicotol has often been used, said in this statement was shown to him. "I have known Nicotol to conquer the tobacco habit in less than ten days' time without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will desire to resume. At least your desire will be greatly diminished and not only so, but a pleasure to quit. After a week or two should make it not only possible, but a pleasure to quit.

SAM STEIN'S OF COURSE

20 CARLOADS TO SIXTY RESERVE BE SHIPPED EAST BY CANNERY PLACES FOR LUNCHEON

J. E. Taylor and Company
Nearing Close of This
Year's Season

With their canning season coming to a close in two weeks, J. E. Taylor and Company today announced at the plant on East Fourth street that they will ship twenty carloads of goods this season, an increase of five carloads over last year. Each car will contain approximately thirty tons.

Despite the increase in the amount of canned goods put up this year, the company will find itself short of about five carloads on orders, when shipments are finally completed, Fred Taylor stated. This shortage is caused by reason of the fact that the cannery was unable to secure sufficient quantities of certain varieties of fruits.

During the height of the canning season, this year, J. E. Taylor and Company employed 150 men, women and children daily. During four weeks the payroll of the company amounted to \$2300 weekly.

Taylor states that the company has never experienced difficulty in securing labor and this season was no exception.

The company has had to turn down a large number of orders this season as a result of not being able to secure fruit enough. The principal shortages were in peaches, watermelons and figs. In putting up watermelon pickles the company requires a melon with a thick rind. Because of this it has been impossible during the past three years to secure a sufficient number of melons to fill the needs of the concern, even though a large amount of the thick-skinned variety is being grown for the company to the west of the city.

The company is rapidly developing an orange product in connection with its plant. At the present time a payroll of \$150 is needed each week to pay the employees working on this product.

The introduction of this side-line means that an increasingly greater number of employees will be required by the company all the year around. In former years the cannery remained idle during the winter months, save for the overhauling of equipment.

EDWARD M'DONNOLD IS DEAD AT ORANGE

Edward McDonnold, aged 21 years, is dead at his home at West Orange. Funeral services will be held tomorrow at 2 o'clock at the Ellis and Clark funeral parlors.

He was the son of Mrs. H. J. Feldner and came home from San Francisco about ten days ago sick. He was employed at San Francisco by the American Express company. He was formerly in the army service.

Death was due to typhoid fever. "Ed" McDonnold was very popular here and in Santa Ana. He was an energetic likeable young man and his capabilities gave promise of a very successful career. At one time he was assistant circulation manager of the Santa Ana Register.

WHIRLWIND LOVE CASE MAN IS ARRESTED

George A. Fox, Convicted of
Defrauding Widow, Is
Placed In Jail

Following his arrest at Healdsburg, in Sonoma county, George A. Fox, clubman and real estate operator who was sentenced by Judge Craig in Los Angeles to serve an indeterminate sentence of from one to ten years in San Quentin following Fox's conviction on a charge of swindling Mrs. Anna G. Walters of Anaheim out of a \$75,000 orange grove in Orange county and of having embezzled \$5106.25 in cash from her, was today expected to be lodged in the Los Angeles county jail.

Information from John L. Richardson, counsel for Fox, was expected to be forthcoming at Los Angeles today on the question of whether or not the convicted man would take a further appeal in his case, following the decision handed down on October 1 by Division No. 1 of the District Court of Appeal, upholding the verdict reached in February. At the time the appeal court rendered its decision Fox was missing. He had been released under \$20,000 bail, pending the outcome.

Following Fox's arrest at Healdsburg, on a charge of being a fugitive from justice, he was lodged in the jail at Santa Rosa. He was to be brought at once to Los Angeles.

Bail Not Forfeited
Fox's bail, originally placed at \$20,000, was soon raised to \$30,000. A search for Fox was begun, though his bail bond was never declared forfeited by the court.

Fox will be kept in the Los Angeles county jail until an order is received from the Court of Appeal by the Superior court, and then the order committing Fox to prison will be issued unless he decides to appeal to the State Supreme court.

Late in August of this year Judge Z. B. West of the local Superior court, awarded Mrs. Walters judgment of \$75,000 in connection with the suit brought by her against Fox over her Anaheim property. The complaint had been filed on July 2 of last year. Mrs. Walters alleged that Fox told her he was "possessed of great wealth and large resources." How Fox had swept Mrs. Walters, a widow, off her feet by his alleged whirlwind love-making was brought out at the trial of the action.

Promises to Marry
Testimony given at the trial of Fox last summer in Los Angeles on the embezzlement charge showed that he met Mrs. Walters at Seal Beach in 1916, and that he won his way into her confidence to the extent that she promised to marry him, though Fox already had a wife and daughter at Portland, Ore., and she also turned over her entire estate to Fox.

Hearing that President Wilson had overlooked paying the taxes on some land he owned in Riverside county, Fox sent his check to Riverside for the taxes, receiving a letter of thanks from Secretary Tumulty. This was while Fox was in jail, before he was released on bail. The Riverside Democratic Campaign committee, learning that Fox had sent the check, had the money returned to him and the taxes were paid through the President's office. President Wilson was in Europe at the time.

California will yield nearly one-sixth of the nation's barley crop this year.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate or oxide of milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powder form or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

the winter.

Mrs. Alba J. Padgham left Sunday evening for San Francisco, where she will visit for a few weeks with her aunt, Mrs. Lucy J. Campbell, 116 Del Mar street.

Frank Andrews and Orlin Robertson were at home over the week end from Pomona College.

Marshall Keeler left last evening for San Francisco to be gone a week.

Mrs. Minnie Douglass was a morning passenger to Los Angeles.

Miss Lena Thomas spent today in Los Angeles.

Mrs. Edith Bohannon spent the week end at Fallbrook.

Mrs. D. K. Hammond returned yesterday from a week's visit in Los Angeles.

Fisher Will Study Journalism and Sketching In S.F.

CORPORAL JACOB M. FISHER of Santa Ana, is to leave within three weeks for San Francisco, where he will take a course in journalism and newspaper illustration at the California School of Fine Arts.

He has just received word from the United States Board of Vocational training that application for entrance had been accepted. The granting of the application had been held up pending the improvement of Fisher's physical condition. His expenses will be paid by Uncle Sam.

Fisher was gassed and was struck below the knee with an explosive bullet while fighting in the Argonne. During the fighting there he performed service that brought him a Distinguished Service Cross. Previous to that, while fighting with the French, he won a Medal Militaire from the French.

TO INSPECT NUT DELIVERIES AT LOCAL HOUSE

Large Growers Asked to Hold
Back Deliveries For Few
Days Account of Rush

After a three-day shut-down owing to the rush of deliveries, the Santa Ana Walnut Growers Association will reopen its packing house tomorrow for the receipt of nuts. BUT, there are about 1000 tons of walnuts ready for delivery and the house will only hold about 300 tons, so the management asks that where possible, larger growers hold back deliveries for a week or ten days yet until the smaller growers will have delivered their crop. The association will loan bags to those holding back deliveries who would otherwise be inconvenienced by a sack shortage.

There have been so many green, uncurd, and wet nuts delivered so far this season that the packing plant has been handicapped and its operations slowed up. To guard against any further delays from this source the management of the association has decided to inspect all deliveries of nuts at the door of the packing plant and in this way will prevent the receipt of any further walnuts which have not been thoroughly cured by the growers.

EMPEROR OF JAPAN IS GIVEN PEACE TREATY

TOKIO, Oct. 13.—The privy council approved the peace treaty Saturday and submitted it to the emperor for his ratification. The privy council is an advisory body consulted by the emperor on important matters of state. Ratification of the treaty by the Japanese parliament has not been effected yet.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.—Adv.

Real-Fruit Desserts

Jiffy-Jell is flavored with fruit juice essences in liquid form, in vials.

A wealth of fruit juice is condensed to flavor each dessert. So it brings you true-fruit dainties, healthful and delicious, at a trifling cost.

Simply add boiling water.

Compare it with the old-style gelatine desserts.

It will be a delightful revelation.

WOULD DEVELOP CO. L BANQUET INSANE ASYLUM INDUSTRIALLY PLANNED FOR HOLDERMAN

Big Experiment In Furthering
Activity of Patients
Is Undertaken

The Patton insane hospital will shortly undertake a huge experiment in the way of industrial activity for the patients, according to word received here today from San Bernardino. It is believed that the big hospital can be made practically an independent community, with its people filling useful places in life, despite their afflictions.

Dr. John A. Riley, medical superintendent at Patton, has been directed by the board of managers and the state board of control to proceed with his revolutionary experiments and has left for the East to confer with the nation's leading alienists and reconstruction workers.

"Too long," said Dr. Riley, in his report to the board of managers, "have we regarded the institution as a helpless thing of brick and mortar, depending wholly upon others for all it has or needs. This shop-worn idea of a hospital for insane has become a thing of the past."

"In its place is developing the idea of a community of human spirit—an independent unit or unity made up of individuals of like character, dependent upon themselves very largely for what they need, living a life of comparative freedom and removed from the complexities and stress of the civil communities, where they found themselves unable to adjust themselves to their environment."

The board of managers, which includes H. McPhie of Santa Paula, chairman; G. D. Cunningham of Riverside; E. C. Merryfield of Colton; W. C. Barth of Corona; Austin T. Park of Redlands, has followed closely the gradual extension of industrial activities by the patients.

During the past few months work of manufacturing brooms, brushes, weaving cloth and the making of various articles has been inaugurated. Many of the women patients have embroidered for years.

City and County Briefs

H. N. Keddie of Orange has accepted a position as salesman for John L. Wheeler, dealer in tractors in this city.

The 1919 duck season opens next Thursday and many of the nimrods of this vicinity are making preparations to try and secure some of the birds for a wild game dinner. According to the Motor Vehicle law passed by the last legislature, road hunting is prohibited, which will give the "sportsmen" who have game preserves a great advantage over the fellow not so fortunate.

Mrs. Rosalie Stanton, wife of Captain Lewis Stanton, died at the family residence, 420 West Thirty-first street, Los Angeles, where she had resided continuously for over a quarter of a century. Mrs. Stanton had reached the advanced age of 81 years. She was the mother of Phil A. Stanton of Seal Beach.

A report from the Santa Ana Hospital today is to the effect that Tony Babylon, 9-year-old son of Mr. and Mrs. M. Babylon of Delhi is now well on toward recovery from lockjaw. Rigidity has disappeared. The attack came through a wound in the boy's foot caused by stepping on a nail.

Friends of Louis William Chaudet, motion picture director, formerly of this city, are interested in the announcement that he has been married and that he is spending his honeymoon at Big Bear Lake. Chaudet was married last week in the chapel of the Mission Inn, Riverside, to Miss Allene Hale, pianist and harpist. For some years, while Chaudet was in Santa Ana, and prior to going into motion picture work, he was a barber, being employed in a shop owned by John B. Cox, now justice of the peace.

Boys at play are today believed to have been responsible for setting afire a small palm leaf-thatched shed at the rear of the residence of F. M. Howell, 519 East Walnut street, late Saturday afternoon. The fire department responded to an alarm. Only slight damage was done.

Jos. E. Smith has purchased the interest of his partner, E. E. Hardy, in their real estate business. Hardy retires because of ill health.

Three Mexican boys chasing a rabbit through a corn field Friday resulted in leading to the uncovering of several sacks of walnuts believed to have been stolen. H. C. Shaw assisted the boys in their hunt for the rabbit, and in going through an orchard found four sacks. The location is in the southwest part of the town. Mrs. John Pugh, who owns a house in the same vicinity, went to collect the rent from a Mexican tenant in that vicinity and also found a sack of walnuts which she believed had been stolen. She took the nuts to her home and reported the find to local police officers.

With the duck season opening on October 16, attention was today called to the fact that there may be some over-eager nimrods who will get "in bad" by starting their pump guns to working on October 15, instead of on the following morning. In previous years the season opened on the fifteenth, but this year it will open on the sixteenth. Shooting may begin a half hour before sunrise and continue until a half hour after sundown.

An important meeting of Company

Big Affair at James' Is
Scheduled For Thurs-
day Evening

Preparations were being made today for a banquet to be given Thursday evening at James' by Company L in honor of Captain N. M. Holderman, former commanding officer of the organization.

Efforts are being made by Charles D. Swanner, formerly first lieutenant of Company L, to get in touch with all men who were members of the organization at the time it was called into active service early in the summer of 1917, or who have been members since then.

Swanner announced today that all who intend to be present at the banquet should notify him by Wednesday evening. His office telephone number is 1390 and his residence number is 1227-J.

It is expected that there will be a large attendance at the banquet, as Captain Holderman was extremely popular with the men of Company L, and all former members of the organization are eager to hear at first hand some of his experiences while in France.

The banquet will begin at 7 o'clock, Thursday evening.

CITRUS MEN STILL CLAMOR FOR CARS

The car situation continues extremely unsatisfactory, according to word given out today at the Orange County Fruit Exchange offices at Orange. While thirteen cars were spotted today for the exchange at the Tustin branch house, this is no indication that there will be any material lessening of the scarcity of rolling stock, it is stated. Only one car was placed at the disposal of the exchange on Friday, and on Saturday no cars whatever were received. Exchange officials have no way of telling when the shortage will be gone away with. Picking crews are being held up because of the lack of cars.

CALIFORNIA WILL BE LAUNCHED ON NOV. 20

VALLEJO, Oct. 13.—The United States dreadnaught California will be ready for launching November 20, Captain E. L. Beach, Commandant of the Mare Island Navy Yard, has notified the Navy Department by wire. He asked that the launching on that date be approved. Governor Stephens will be asked to name the sponsor for the vessel. It is generally believed here that his daughter, Mrs. Randolph Zane, will be honored. Mrs. Zane is the widow of Major Zane of the Marine Corps, formerly stationed at Mare Island and who was killed in France.

F. First Battalion, California National Guard, is to be held at the armory tonight, according to an announcement by Captain A. E. Koepsel.

Miss Arlie Cravath, assistant secretary of the Chamber of Commerce, who has been ill for two weeks with quinsy, was back at the office again today, entirely recovered.

George Platt, who prior to enlisting in the army, was assistant in the Salt Lake office in this city and who has been with the Orange County Title Company today took over the office of bookkeeper with the California Packing Corporation on East First street.

T. D. Knights is again behind the counters of the Nickey Hardware store. He is doing relief duty, substituting for E. B. Trago, who is in San Francisco this week to attend the Masonic Grand Lodge.

Chris McNeill, contractor, is rushing repairs on the Reinhaus store, necessitated by the fire which destroyed the stock of Reinhaus Bros. a few weeks ago. It is expected that the store will be ready for business about the middle of November. Although its face is badly charred and the woodwork badly damaged, the clock that was doing duty in the store before the fire is still clicking away and is keeping good time.

The Men's Club of Santa Ana is to hold its first meeting of the fall at the Church of the Messiah at 6:30 o'clock on Thursday of this week. Rev. Paul E. Wright is to deliver an address.

DIVORCED, WED AGAIN IN FIFTEEN MINUTES

LOS ANGELES, Oct. 13.—Married again just 15 minutes after he had been freed from one wife, is the speed record of George H. Scheibe, art photographer of this city. All necessary preliminary steps had been taken when Scheibe received his final decree and he took Miss Day Dinsmore across the way from the court house and was again made a husband. Scheibe was for a number of years a photographer with the Chicago American and after coming to this city continued his trade. Camera appliances invented by him are being widely used both by motion picture and still photographers. Mrs. Scheibe for some time past has been an assistant in his studio.

Why does Schilling Tea cost more per pound and less per cup than common tea?

More per pound, because it's made of the young tender leaves of the tea plant.

Less per cup, because it has such an abundance of rich tea-flavor. A pound makes so many cups.

Schilling Tea is the fine practical economical tea of this country.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

SANTA ANA, CALIFORNIA, MONDAY EVENING, OCTOBER 13, 1919

TELLS P. T. A.'S OF COUNTY TO KEEP OUT OF POLITICS

Excellent Convention Held Here By District Congress of Mothers

In an hour's talk before the Fourth District Congress of Mothers and Parent-Teacher Associations at Intermediate school on Saturday, Mrs. Charles F. Gray, president of the Los Angeles Parent-Teacher Federation touched a vital point in the organization's welfare when she urged "Attend to your own business first—and keep away from politics."

No action was taken upon a resolution offered, urging the senators from California to give their support to the League of Nations covenant. The suggestion for a resolution opposing the League met with a similar fate. The only resolution adopted in that connection was the one endorsed by the state convention held in Santa Cruz in May, which reads as follows:

"Resolved, that this organization support the president of the United States in his efforts to obtain permanent peace."

Saturday's meeting opened at 10 o'clock with devotionals led by Rev. W. L. H. Benton.

County Superintendent of Schools R. P. Mitchell welcomed the visitors to Santa Ana, declaring the P. T. organization a helpful adjunct to the school system. The realm of usefulness, said Mr. Mitchell, included the study of and assistance in enforcement of the school laws, suggestions for new legislation, and the securing for the schools of necessary improvements, such as larger buildings, better Mrs. H. W. Shepherd of Fullerton rooms and equipment.

Brief and interesting summaries of plans for the year's work were given by department chairmen.

On School Law

Mrs. Earl Morris of Santa Ana, chairman of Education, spoke of school law, Thrift, Americanization, and the securing of a unit of the County Library system as the four chief topics of interest in her department this year. Mrs. Morris urged the study of school law by P. T. associations, with at least one program devoted to them and a lawyer to interpret them as a feature of that program.

Thrift was discussed both from the standpoint of saving and of production. Strong influence should be exerted, said the speaker, to check extravagance among growing boys and girls. The purchase of Thrift Stamps should be encouraged, and the lessons of thrift learned during the war should not be lost. Mrs. Morris urged that Americanization be of the practical variety. Mrs. J. N. Anderson, legislative chairman, was unable to be present, but sent a report. She urged a committee on legislation in every P. T. association. She advised the careful study of school law, the support of the measures endorsed by the Women's Legislative Council, and the assistance of every association in carrying out the compulsory attendance law.

Child Hygiene

An effort through the coming year to systematize the child hygiene department and to secure the co-operation of the physicians, was reported by Mrs. D. Eymann Huff, chairman of that department.

J. A. Cranston, city superintendent of schools, talked on Americanization. Emphasizing the need for work in Americanization, Mr. Cranston stated that of the hundred million people in the United States, thirteen million are foreign born, and five million cannot speak the English language. Bringing the figures closer home, Mr. Cranston stated that the alien registration for the draft in California was 44,960, or 217 per cent of the total registration.

The United States government has prepared pamphlets for those interested in Americanization, and the State Commission of Immigration and Housing has helpful literature on the subject. Mr. Cranston, with a representative of the State Board of Immigration and Housing, made a local survey last week, and conditions were found in the Mexican quarter northeast of

(Continued on page twelve)

Surveyors Busy on Orange Coast for Big Boulevard

WITH a state surveying party now working along the Orange county shore line for the coast boulevard from Hueneme, Ventura county, to Serra, Orange county, it is believed that this section of improved highway will be built much sooner than was at first thought.

The crew worked last week between Huntington Beach and Seal Beach. Huntington Beach has been asked for the ordinance establishing the grade at the northwesterly city limits.

The chief surveyor has advised that there is no foundation for the report that the boulevard would be diverted around Huntington Beach. He also indicates that the state will construct paved road through the city of Seal Beach, thus making the improved section continuous through the city.

GRAND EXALTED RULER PLACES CORNERSTONE

With the corner stone of the \$85,000 Elks' Home to be built in Anaheim laid yesterday by Grand Exalted Ruler Frank L. Rains, the new home of the "lodge" starts under auspices that seldom prevail at the start of a new home for a lodge of Elks. Few are the temples started by smaller lodges that have been graced with the presence of a Grand Exalted Ruler. In addition to the officers of the grand lodge, practically the entire personnel of the California State Elks' Association was in attendance at the ceremonies. Many notables in Elksdom were present, to say nothing of the large number of ordinary "Elks" of the herd.

It was a proud day for the members of Anaheim Lodge No. 1345, "Bills" from all parts of the state were there, the event of the corner stone laying following adjournment of the state convention at San Diego. The visitors stopped over for the afternoon on their way from San Diego.

The ceremony was conducted by the officers of Anaheim lodge. Grand Exalted Ruler Frank L. Rains laid the corner stone, while the drill teams and bands from No. 99 of Los Angeles and No. 672 from Pasadena acted as escort. In his address the Grand Exalted Ruler complimented Anaheim lodge on its growth and the enterprise of its members in providing the funds for a home. He stated that the general growth of the order has been phenomenal. J. C. Burke, of this city, district deputy, occupied a seat on the platform.

Members of the state association present were: M. E. Shannon, deputy district grand exalted ruler of California; South: Dr. Ralph Hazan, past president; Harry M. Ticknor, president; James Shanley, past grand exalted ruler; Charles Danclia, chairman of the board of trustees; Egbert C. Banks, exalted ruler No. 168, Richard M. Benbough, P. E. R., secretary, San Diego reunion committee; Frank M. Schoonover, secretary; Major O. F. Sloat, treasurer, Walter H. Dalton, first vice president; A. E. Hamm, second vice president; A. G. Metz, third vice president; Paul D. Robinson, Tiler George Post, James R. Tyrell, A. M. Barker, trustees; Charles S. Bateman, sergeant at arms.

GERMANS NOW ABLE TO PURCHASE SOAP

BERLIN, Oct. 13.—It is now possible in Berlin to buy a cake of soap without mortgaging the old homestead, without a birth certificate, a voucher of good character, or a "stand in" with the authorities. Formerly, soap was so scarce and so under government control that the ordinary mortal had to content himself with a substitute for soap much akin to lye.

Now, fair supplies have arrived from the outside world and the government has decided that soap can be sold without ration tickets. At the same time, it is removing restrictions on shoe rationing.

SAM HILL STORE PLANNED FOR EVERY TOWN IN COUNTY

Consolidation Effected Yesterday Brings 54 Stores Under One Management

With plans for establishing a Sam Hill store in every city in Orange county, the eight Hill stores in the county have been consolidated with the Rock Bottom stores in Los Angeles county, operated by the Federal Grocery Company. Through the consolidation the company achieves the distinction of having the largest number of stores under one management on the Pacific coast.

Negotiations for the merging of the Rock Bottom and Hill stores were completed yesterday, making a total of fifty-four Rock Bottom stores with a volume of business of \$2,500,000 in foodstuffs.

The Rock Bottom stores were first started by the Federal Grocery Company under the management of J. A. Daley in 1912, and have grown so rapidly that a modern warehouse of seven acres on the Los Angeles Terminal market was leased early this year and occupied September 1. In this new warehouse the Federal Grocery Company has combined its bakery, manufacturing and other diversified interests. It is a warehouse that is second to no chain store enterprise in the United States.

The Sam Hill stores, eight in number, are all in Orange county—four in Santa Ana, and one each in Tustin, Orange, Anaheim and Garden Grove. More stores will be started until there is a Sam Hill store in each town in Orange county. The Orange county stores will be run under the name of the Sam Hill Stores.

Hill started his first store in Orange county five years ago on a capital of \$500 and has been so successful his equity in the present transaction will be in the neighborhood of \$25,000. He has built up a volume of business that will run over \$600,000 for the present year.

Hill will be associated with the Federal Grocery Company in the capacity of vice president and assistant to Daley, who is president of the corporation. Both of these gentlemen are under 40 years of age and have both been eminently successful in the past five years. Under their leadership and management it is predicted that the Rock Bottom stores of the Federal Grocery Co. will soon be classed with the largest handlers of foodstuffs in the United States. With one or two exceptions they are now the largest in volume of grocery business on the Pacific coast.

OFFICERS NAMED AT ELKS' CONVENTION

SAN DIEGO, Oct. 13.—Their convention over, the California Elks returned home yesterday and today. The election of officers featured the last business session Saturday. It was decided to hold the next convention at Sacramento.

James Shanley of Oakland, was elected president of the California Elks' Association. His election was unanimous, as was that of the other officers named.

The "slate" was not broken by any dissension and the election was thorough and harmonious. Other officers were elected as follows:

A. D. Pearce, Glendale, first vice president.

John Fuller, Porterville, second vice president.

Fred A. Ellenwood, Red Bluff, third vice president.

Frank M. Schoonover, Berkeley, secretary.

O. P. Sloat, San Bernardino, treasurer.

The division trustees were named as follows: R. C. Benbough, San Diego, South; J. D. Saxe, San Rafael, Bay; Maurice E. Power, Visalia, Central, and Fred A. Johns, Sacramento, North.

The state association adopted resolutions pledging the support of all California Elks to the sale of Government Thrift Stamps. This is in line with the action taken by the grand lodge at Atlantic City a few months ago and the Elks here in convention announced that they will shortly begin a state campaign in behalf of the stamps.

Signal honors went to Pasadena. In competition with the drill teams from Glendale, Riverside, Sacramento and San Francisco, the Crown City team won the Raymond Benjamin ritualistic cup for greatest proficiency in rendition of the Elks' ritual. Pasadena also won the Elks' California bowling championship, defeating Richmond in the finals.

63 PIONEERS OF COUNTY ATTEND COUNTY FAIR

D. O. Stewart, Frank R. Baxter and E. A. Honey are three pioneers who have been in Orange county the longest of any of those registering at the Huntington Beach fair on Pioneer day. Stewart came in 1869 and the other two in 1876. There perhaps are others who have been in the county longer, but they did not visit the fair and register.

The gathering of pioneer residents was one of the most interesting of the features of the successful fair. Those who had resided in the county since 1894 were eligible to register, and sixty-three filed their names at headquarters. Col. S. H. Finley, who located here in 1878, was chairman.

D. O. Stewart of Huntington Beach has the honor of having resided here a longer period of time than any other person who registered during the day, having arrived in 1869.

The following names and the year in which they arrived appear on the register:

Huntington Beach—D. O. Stewart, 1869; David Brush, 1879; Mrs. Vellie Moran, 1882; R. L. Obar, 1886; Dr. F. E. Wilson, 1892; C. W. Warner, 1894; Mrs. Ada C. Brown (no date).

Santa Ana—S. H. Finley, 1878; Steele Finley, 1878; A. G. Finley, 1878; Geo. F. Havens, 1883; E. G. Huntington, 1885; R. H. Skiles, 1878; Katherine A. Skiles, 1899; Ida H. Finley, 1886; J. G. Parsons, 1891; Elizabeth A. Lawton (no date); Sarah H. Finley, 1878; Lula B. Finley, 1878; J. Wiley Harris, 1874; F. J. Rogers, 1874; Mrs. Louise Saterwhite, 1881; W. Frank Harris, 1874; L. J. Finster, 1886; W. Dean Johnston, 1886; Jean Johnston, 1886; C. W. McNaught, 1892; J. H. Gulick, 1887; Laura M. Carr, 1888.

Fullerton—O. V. Knowlton, 1886; Frank R. Baxter, 1876; E. R. Woolsey, 1884; C. Anderson, 1888; Chas. S. Knowlton, 1886; C. D. McKelvey, 1881; Mrs. Ida Woodward, 1891; M. H. McKelvey, 1878.

Anaheim—Mr. and Mrs. Thomas Hill, 1883; Matilda Hill (no date); Wm. G. Hill (no date); Hugo Wetzel, 1885; Jason B. Root (no date); T. B. Cone, 1889.

Orange—G. C. Morrow, 1881; S. J. Morrow, 1881; E. A. Honey, 1876; Jennie E. Fellows, 1887.

Garden Grove—Mrs. F. D. Turner, 1888; Mrs. E. M. Turner, 1882; Mr. and Mrs. W. D. Junkin, 1882; Geo. W. Roife (no date).

EL MODENA CENTER TO HOLD MEETING TONIGHT

The El Modena Farm Center will meet this evening at 7:30 in the school house.

"Cover Crops" is the topic for discussion and W. F. Crisp, Clate Standfield and County Farm Advisor H. E. Wahlberg will be the principal speakers with the discussion to be carried on by prominent farmers.

The topic for the women will be, "What Is Woman's Greatest Problem on the Ranch, and How Can It Be Solved?"

This is the first of the fall meetings and from now on the center will meet the second Monday of each month. A large attendance will aid in making the meeting more interesting and beneficial.

Many Wards of Y. W. C. A. Are Unable to Speak Own Language

NEW YORK, Oct. 13.—Many people in America do not realize the scope of the work being done by the Y. W. C. A. among girls rescued from the Turks during the war. Hundreds of these girls are being cared for by the Y. W. C. A. at their service centers in Turkey and in private homes.

Many of these Armenian girls were seized while small children and carried away by Turks who kept them in their harems. Some of these girls do not remember their own language and a number of them are trying to learn English. Numerous ones are text books as they love music. In fact, Y. W. C. A. workers are sending out weekly appeals from Constantinople for sheet music and phonograph records.

The former slave girls also are taking kindly to American foods. They are unusually fond of American-made ice cream which is a popular dish at the Constantinople Y. M. C. A. service center.

WOUNDED ARE TREATED IN MOBILE HOSPITALS

BUCHAREST, Oct. 13.—Both Roumanian and Hungarian wounded in the recent fighting around Budapest have been treated in an American "Mobile Hospital" of the most modern type—the last word in war hospitals for use in the field with a rapidly moving army.

The type of mobile hospital being used is that known as the "Autochir." It is a hospital on wheels—eighteen huge automobile trucks equipped with everything needed for wartime medicine and surgery. There are automobile operating rooms, automobile sterilizing equipment, an automobile laboratory, a pure water machine with ice-making attachment, an X-ray car, electric light plant, steam heating plant, a blacksmith's repair shop, and a complete tent hospital which can be set up anywhere in about two hours so as to accommodate more than 400 wounded men.

SALVATION ARMY TO HELP BANISH HATRED

BERLIN, Oct. 13.—The Salvation Army, this institution which many an American doughboy will remember kindly through the years—has started a campaign based on Central Europe's looking toward creation with more of the spirit of "peace on earth, good will to men."

Headquarters of the organization, maintained here during the war, but unable to operate extensively because of its allied connections, has reopened fully and has begun the task of establishing branches in Prague, Vienna, Budapest, and throughout the Balkans.

Col. Treite, in charge of the local headquarters, declared it will be the aim of the Central European campaign to offer solace to these troubled nations through calming their spirits and their lives. The army will work to wipe out hatreds engendered during the war, and to revive friendly intercourse, he said.

SCORES JOHNSON FOR ATTITUDE IN ADDRESS AT ORANGE

Marshall Stimson Says Senator Misrepresented and Misstated Terms

Declaring that United States Senator Johnson "misrepresented and misstated" the League of Nations plan in his address in Los Angeles, Marshall Stimson of Los Angeles last night declared that Senator Johnson's course in regard to the covenant had been to him a sad disappointment. He said that Senator Johnson owed it to California to discuss the covenant fairly, and he said that Johnson did not do that.

Stimson's address was delivered at a union meeting of the churches of Orange at the First Christian church of Orange last night. He reviewed as thoroughly as was possible in an hour's talk the provisions of the league covenant, and discussed the points brought up by the opposition.

"I have read Senator Johnson's speech through twice," said Stimson, "and I find that in all that address he did not quote one single sentence from the treaty covenant. It is a remarkable thing that a man should attempt to go out to tell the people what is wrong with the covenant, yet not once did he quote from the document under discussion. It is hard to understand how a man who has been given the high office that he has been given would so attempt to mislead the people who had placed their trust in him."

No Partisan Bias

"I have no partisan bias, and what I say concerning Senator Johnson must be taken in the light of the fact that I have always been a Republican. I have been on the Republican State Central committee since 1908. I was one of the original supporters of Senator Johnson. It was in my automobile, accompanied by me, that he made his first campaign in Southern California, in which we campaigned in Orange county. Following those intimate associations, it is with great sadness that I contemplate now the recent actions of Senator Johnson. That man owed it to us, he owed it to every man, woman and child in California, to return to this state and discuss this covenant fairly in the light of its terms. Instead of doing that he misrepresented and misstated the terms of the covenant."

Stimson divided his address into two parts, the first part dealing with the terms of the covenant, explaining carefully how the league is to operate.

"During the war we saw the final Christian spirit of America take hold of the situation," he said. "Now that the war is over the baser ideas are seeking place. The women of the land are almost a unit in favor of the league. They are not to be turned aside by sinister efforts to belound the issue. I have an abiding faith in the American people, and they will know the truth, and when the truth is known on this covenant there is nothing about it to fear. The league is an attempt to put into world-wide practice the spirit of Christian unity."

Stimson pointed out that the covenant contains provisions for doing away with secret treaties. It provides for a process of disarmament.

"Could it be possible that great munitions factories are providing money for fighting the covenant?" asked Stimson.

The mandatory system was reviewed, and Stimson pointed out that the league covenant has the courage to do away with liquor traffic in the lands taken from Germany to be placed as mandatories.

LEAVE TO BRING EASTERN YACHT TO NEWPORT

Going to bring the 75-foot schooner yacht "Uncas" from New York to Newport Harbor, where the boat will make her permanent home, "Doc" Wilson of Wilson Bros. Company, Balboa, starts east tomorrow. He will be accompanied by Hugh McMillan and Edwin Kirkaldy of Newport Beach, Fred W. Gusey of Toronto, Canada, and Joseph Ingersoll of San Bernardino, who will be members of the yacht's crew on her trip west.

The "Uncas" is a thirty-ton auxiliary schooner-yacht, owned by John Bowers of Goldwyn Pictures, Culver City, who is now starring in "Tower of Ivory" by Gertrude Atherton, the eminent author's latest special story. Bowers is busy on this picture and will not be a member of the yacht party on her long trip.

Two or three weeks will be required to fit and rig out the yacht, now anchored in the Hudson river, for her trip, and Wilson, who will be in charge of the journey, expects to clear New York early in November. Landings will be made at various points down the Atlantic coast, at Key West, Havana, Cuba, and along the Central American and Mexican coasts.

Through Panama Canal

The journey will take the party around Cuba, along the Yucatan peninsula, British Honduras, Spanish Honduras, Guatemala, Nicaragua, Costa Rica, through the Panama canal, and up the Pacific coast along the shores of Mexico and Lower California. If time permits, just before en-

JOHNSON SCORED IN ADDRESS FOR STAND

Terms Misrepresented Says
Marshall Stimson In
Orange Talk

(Continued from page nine)

He explained the working of the council, and pointed out that every decision of that council must have a unanimous vote unless a country involved is represented in the council. The United States thus has veto power on anything the assembly does.

"Let us deal with essential truth," said Stimson. He read from Senator Johnson's address in which the senator said that the covenant made no provision for disarmament. In reply last night, Stimson read the disarmament provisions of the covenant.

"Senator Johnson," said Stimson, "said that President Wilson did not lift a hand for self-determination when he was in Paris. What about Poland? The Jugo-Slavs? Those other countries?"

"In a Minneapolis address Johnson said that the infamy of Shantung would be forever guaranteed by this country," Chester Rowell of Fresno wrote editorial showing this statement to be untrue, and after that editorial was shown to Johnson he never again made his Minneapolis statement. Senator Johnson's method of arguing this great question was not what we in California had a right to expect of him."

Monroe Doctrine

Stimson said that the covenant will extend the Monroe doctrine to the whole world. As to sending men out of America to fight elsewhere, he pointed out that the league covenant can in no way change the constitution of the United States. Only congress can declare war for this country. No league can ever take that power from congress.

"When I hear of these attacks upon our Allies," said Stimson, "I remember the close friendship that exists between Senator Knox and Senator Johnson, and remember that Senator Knox favors a separate peace with Germany, and would let France make a separate treaty with whatever hope that might bring for future peace, and then I think of these lines:

"In Flanders fields the poppies grow,
And whited crosses, row on row—
"Is it not a little too soon,
With those millions of dead over there, to be giving such advice?"

LEAVE TO BRING YACHT TO NEWPORT

(Continued from Page Nine)

tering the canal the party will go south into the Gulf of Darien, in Colombia, the home of "big game" and the wonderful tribe of San Blas Indians.

The boat will travel 7,000 miles en route to Orange county and the trip, it is estimated, will take about three months, the "Uncas" being due to reach Newport Harbor sometime in February.

Five or six guests will accompany Commander Wilson on the trip, to enjoy the various experiences of the cruise, hunting, fishing and sight-seeing.

The cruise from New York Harbor, New York, to Newport Harbor, California, will be a notable one and undoubtedly there will be proper ceremonies of welcome when the "Uncas" comes in past the jetty and drops anchor in Orange county's harbor.

TWO STATES' DIVORCE MEASURES ARE ABUSED

YUMA, Oct. 13.—County officials call attention to the apparent abuse of the divorce laws of both California and Arizona, something that has continued for several years. Both states have a proviso prohibiting remarriage within a year. In apparent defiance of this law, individuals divorced in California almost daily go into Yuma for marriage, though within the prohibited time, and then at once return to the Golden State.

The same procedure applies to divorced individuals of Arizona who simply pass over into some Imperial Valley town, get married and return to their Arizona residences. In a number of cases, Arizona divorces have been set aside after the remarriage of one of the parties affected.

"BEST HEALTH IN YEARS"—FROM INTERNAL BATHS

Miss Frances Herrod, care of Plunkett-Jarrell Grocery Co., Little Rock, Ark., writes Tyrell's Hygienic Institute, of New York, as follows:

"I am very glad to tell you that I am more than pleased with the results obtained from the use of the 'J. B. L. Cascade,' and am in better health than I have been in years."

This is but one of thousands of the same kind of letters received by Dr. Chas. A. Tyrell, of New York, the inventor of the 'J. B. L. Cascade.'

By a purely natural process of properly using warm water, the 'J. B. L. Cascade' removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 95 per cent of all human ailments.

TELLS P. T. A.'S TO KEEP OUT OF POLITICS

Association Hold Good
Convention Here

(Continued from page nine)

town which are declared dangerous and a menace to the health of Santa Ana. The usefulness of the P. T. A. in investigating and reporting local conditions was emphasized. Instruction of foreign mothers in English, cooking, mending, and sanitary conditions were among the possibilities suggested. The new compulsory attendance law which insists upon the attendance at evening schools of all persons between the ages of 18 and 21 who are unable to read and speak the English language equal to a child six years old was spoken of as one step toward Americanization.

Tariff Discussed

A round table discussion conducted by Mrs. G. P. Hill proved helpful, the topics discussed being "Thrift," in charge of Prof. Clayton, juvenile Courts by Mrs. Tedford, and P. T. A. Problems by Mrs. G. H. Goodale of Anaheim, the district president.

At noon a luncheon was enjoyed in the Intermediate Cafeteria. During the luncheon hour a thoroughly interesting report of the state convention held last May at Santa Cruz was given by Mrs. Goodale.

In the afternoon the first speaker on the program was Mrs. Kluegel, chairman of the Pacific Coast division of the Junior Red Cross.

Mrs. Kluegel complimented Santa Ana highly on the quality of work sent out during the war, and upon the plan of organization, of which Miss Hazel Bennis was the head. So highly is the plan used here valued that a complete history of the Junior Red Cross work here is asked for, since the plan has been used as a model for other Junior Red Cross units.

Americanization, as locally worked out in regard to the Mexican question, is of vital interest, declared Mrs. Kluegel, who desires a history of the movement for the government archives.

Red Cross Work

"The Red Cross is not essentially a war work," said Mrs. Kluegel. "It extends to the civilian population, too. If the American people cope successfully with the situation now confronting them, they must keep up an interest and membership in the Red Cross, which is destined spiritually to hold the American people together."

"The ideals and habits of service learned by the children of the schools in the Junior Red Cross are invaluable," declared Mrs. Kluegel, "and emphasis should be laid upon the fact that in Junior Red Cross work, children are working to help other children, for the relief work among the children abroad must continue for some time yet. Before the war, children were not looked upon as citizens. The war proved that they are citizens from the day they enter school."

"One phase of Red Cross work among civilians is the work among crippled children. Then there are dental clinics, health clinics, scholarships, and the supplying of recreational equipment where needed."

"The Red Cross," said Mrs. Kluegel, "will count on Santa Ana now as during the war."

Mrs. Charles F. Gray, president of the Los Angeles Federation, P. T. A., gave an hour's talk on "Federation Problems."

"The problems of the large federations differ very little from those of the smaller ones, as the problems of the federation are the problems of its units," stated Mrs. Gray. "It is generally easy to secure a membership list, but to secure a larger attendance is harder. Every association must have attractive programs. People will stand almost anything but being bored."

Good Advice Given

"Begin on time, have the program one of concentrated goodness from start to end, and end when you are through. Stick to your own business—you have your own charitable departments, your own people to look out for, and your time, money, and strength must be saved for your own work. Probably no other organization is so beset by pleas from outside charities, by those who would use our platforms for selfish personal political purposes as is ours. Keep away from politics. I wish the P. T. A. had open to it as many platforms as we furnish to others."

"We must have time for sociability. On that hinges one of the secrets of holding large bodies of women together."

"In furnishing clothing and supplies to the foreign homes, do not foster the Continental idea of begging. Charge something, if it is only a cent or two."

"Choose for your officers women of sincerity, women with warm hearts, women devoted to service."

County Library

Mrs. May Dexter Henshaw, state organizer for school and county libraries, discussed her subject at length. The advantages particularly to the schools of having a practically endless source to draw upon, in the way of books, maps and other material, was dwelt upon.

Mrs. Harvey, the district secretary, reported a visit to the Los Angeles offices of all the big Orange county oil companies, where she secured the signatures of the heads of companies to a petition to the Orange county board of supervisors for a county library.

A motion was passed that a committee from the Congress of Mothers and P. T. A. associations present the matter to the board. The motion included the request that the "Separate Plan," as opposed to the "Contract Plan," be asked for.

Community singing occupied a brief interval during the afternoon, led by Mrs. H. M. Sammis, president of the High School P. T. A., accompanied by Mrs. Seal.

FIFTY DOLLARS NEEDED FOR PHONE FUND

Secretary Urges Response So
Campaign May Be Closed
at Once

The Santa Ana Chamber of Commerce is still short about \$50 of the money needed to meet the expenses of the Santa Ana exchange district in the preliminary stages of the organization of a mutual telephone company. Contributions of \$1 and \$2 are coming in to the secretary now and then. The secretary would like to close up the campaign for the fund as quickly as possible and urges that those who have not yet done their duty do so at once.

Chas. R. Schenck, who is doing surveying work at Crawford, Tenn., has evidenced his interest in the matter by sending a dollar from there. He writes to Metzger as follows:

"I am enclosing \$1.00 to apply towards expense of new telephone system. I have been much interested in the accounts of the various steps and difficulties of the committee and I admire them for their pluck and faithfulness. The new lines are certainly needed."

"I hope to be back next winter, and if I find I am going to be there permanently, which I hope I will, I will try to manage to become a member. I wish I could be there now to take a hand in the business activity that is very evident from reading the Register. Business is good here and I am engaged on a very important survey."

Additional Contributors

Here are the names of parties who have contributed to the fund since the last publication of the list:

Arthur Confer, E. A. Noe, Capt. J. M. Talcott, S. J. Warner, John Boose, J. W. Taylor, Cash, J. E. Gowen, J. D. Parsons, J. G. Farnsworth, Walter Wray, W. J. Cheney, E. E. Remsburg, M. B. Yonel, J. S. Wood, A. F. Marshall, Dr. W. A. Flood, A. E. Kohler, H. C. Daves, Perry Lewis, J. C. Schmidt, Nannette Goldenberger, E. M. Redmond, R. B. Kelley, C. A. Miller, F. L. Klentz, Mrs. Maggie Niver, Walter Greenleaf, Dr. J. W. Hancock, Cash, Dr. Wehrly, Chas. Brown, A. W. Fuller, Judge E. T. Langley, W. S. Suddaby, E. A. White, C. R. Schenck.

NAME 'BAYER' MEANS ASPIRIN IS GENUINE

Safely Stop Headaches as Told in "Bayer Packages."

Millions of men and women have proved "Bayer Tablets of Aspirin" with the "Bayer Cross" on tablets, the quickest, surest, safest relief for their Headaches, Colds, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis. Pain seems to fade right away.

Buy only a Bayer package containing proper directions. Always say "Bayer."

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.—Adv.

Youthful in Body and Mind

Never mind your age—as measured by years. How do you feel? That's the thing that counts!

See this sprightly old gentleman coming toward you down the street. His birth record would show you that he is past seventy. But judging from the easy grace with which he swings along, his erect carriage, his ruddy complexion, the keen glance of his eye, his whole appearance the very picture of health, you would say that he is not a day past fifty. He is young in spite of his three score years and ten.

More frequently you see the opposite of his type. Men scarcely in their thirties—haggard, listless, weak, nervous—men who take no interest in life, just dragging out a weary existence, all in, tired and worn out. Though young in years, they are, nevertheless, old men. Their vital forces are on the wane. They've lost their "punch" and "pep." They feel old—and they look it!

Stay young by keeping your body fit. Keep stomach, bowels, liver, kidneys and bladder healthy and active. Build up your strength and health. Nothing will accomplish these results better than

LYKO

The Great General Tonic

Just try "LYKO" when you are feeling the least bit jaded, tired and worn out. See for yourself how quickly it rejuvenates—what a fresh feeling of strength and power is given you. It's a reliable appetizer, a splendid aid to digestion, besides tends to strengthen and tone up the entire body.

Your druggist has "LYKO." Get a bottle today. Look for the name on the package and accept no substitute.

We Are Selling the Best Paint Made at Wholesale Prices

We believe if the people really understood our proposition we would sell the paint for every house and barn in Orange county. We are offering the best paint that money can buy—paint that is made expressly to meet the requirements of this climate—paint that is tested and proven at wholesale prices. In fact we doubt whether the average retailer can buy paints anywhere, regardless of quality, at the prices we are selling to the public. Isn't it the part of wisdom to investigate our proposition? Don't let the shingles and woodwork decay this winter.

NOW IS THE TIME TO PAINT
